The APIPs have been finalized for 10 States.

Women Development

Towards a New Dawn

Women Development

2.1 As per 2011 Census, women constitute about 48.5 % of the country's total population. Recognising women as an important human resource, the Constitution of India has not only accorded equality to women but also empowered the State to adopt measures of positive discrimination in their favour. Drawing strength from the Constitutional commitments, Government of India has been constantly endeavouring to ensure all round well being, development and empowerment of women. The upgradation of Department of Women and Child Development to a Ministry with effect from 30th January, 2006 was an important mile stone in that direction. In its nodal capacity, the Ministry has been striving for the holistic empowerment of women by reviewing the laws to remove gender bias, bringing new legal measures aimed at gender justice and implementing programmes to achieve social and economic empowerment of women.

I. NATIONAL POLICY FOR THE EMPOWERMENT OF WOMEN (NPEW)

2.2 The National Policy for Empowerment of Women, 2001 (NPEW) was formulated as the blueprint for the future, with the goal of addressing women's felt needs and bringing about their advancement, development and empowerment. The policies/ programmes of the Government are directed towards achieving inclusive growth with special focus on women in line with the objective of the National Policy for Empowerment of Women.

2.3 Keeping in view the need to specially focus attention on the empowerment women from the marginalized and vulnerable groups,

the Ministry organized two national level Conferences on issues and challenges for the development of women and children from these groups. The first of these was organized in May 2011 and focused on women and children of Scheduled Tribes communities and the second one, organized in March 2012, focussed on women and children of backward classes including backward classes of religious communities. The objective of the Conferences was to take stock of the status of various policies, legislations, programmes and schemes and identify the extent to which the benefits are reaching these women and children, identify the gaps therein and suggest remedial measures required to fulfill their needs and entitlements. A wide cross section of participants from Central Government Ministries, State Governments, subject experts and civil society organisations participated in these Conferences. Recommendations of these Conferences are sent to the Planning Commission and concerned Ministries for their consideration.

II. PLANNING PROCESS AND WOMEN EMPOWERMENT

2.4 The planning process has evolved over the years from a purely 'welfare' oriented approach to the 'development' approach to 'empowerment' module and now recognizing 'women's agency', i.e. women as agents of change. From the Sixth Five year Plan onwards women secured a special niche and space in the national plans and planning process primarily with a thrust on health, education and employment of women. A paradigm shift occurred in the Eighth Plan where 'empowerment' of women was recognized and accepted as a distinct strategy. The Ninth Plan adopted the 'Women's Component Plan' as one of the major strategies and directed both the Central and State Governments to ensure that not less than 30 per

cent of the funds/benefits are earmarked in all the women's related sectors. It also laid emphasis on the participation of people in the planning process, and the promotion of Self-Help Groups (SHGs).

2.5 The Tenth Plan recognized the importance of gender budgeting by stating that the two effective concepts of Women Component Plan and Gender Budgeting would be tied up to play a complementary role to each other. The Eleventh Plan recognised gender as a crosscutting theme across all sectors and sought to reinforce the commitment to gender budgeting and specifically stated that gender equity requires adequate provisions to be made in policies and schemes across Ministries and Departments. This would entail strict adherence to gender budgeting across the board. Keeping this in mind, the Ministry of Women and Child Development has taken several initiatives for gender equality, empowerment and development of women.

2.6 **The vision for empowerment of women for the 12th Plan** is to work towards sustainable inclusive growth with socio-economic empowerment of women and gender justice. The Planning Commission constituted a Working Group on "Women's Agency and Empowerment" for the 12th Five Year Plan under the Chairpersonship of Secretary, Ministry of Women and Child Development with the basic objective to contextualize women's empowerment, define what the 12th Plan seeks to achieve, carry out a review, analysis and evaluation of the existing provisions / programmes for women and make recommendations for the Five Year Plan. The Working Group report was submitted to the Planning Commission.

2.7 The Committee of Governors (CoG) constituted to Study and Recommend Strategies for Speedy Socio-Economic Development and Empowerment of Women, in its report dated 3rd February, 2009 had recommended the setting up of a National Commission on Status of Women to look into the status of women and the outcome of various development programmes relating to women's

empowerment. The Group of Ministers which examined the recommendations of the CoG endorsed this proposal and recommended setting up of a High Level Committee with an eminent expert as a Chairperson. In light of the above, the Ministry has constituted a High Level Committee on the status of women to undertake a comprehensive study to understand the status of women since 1989.

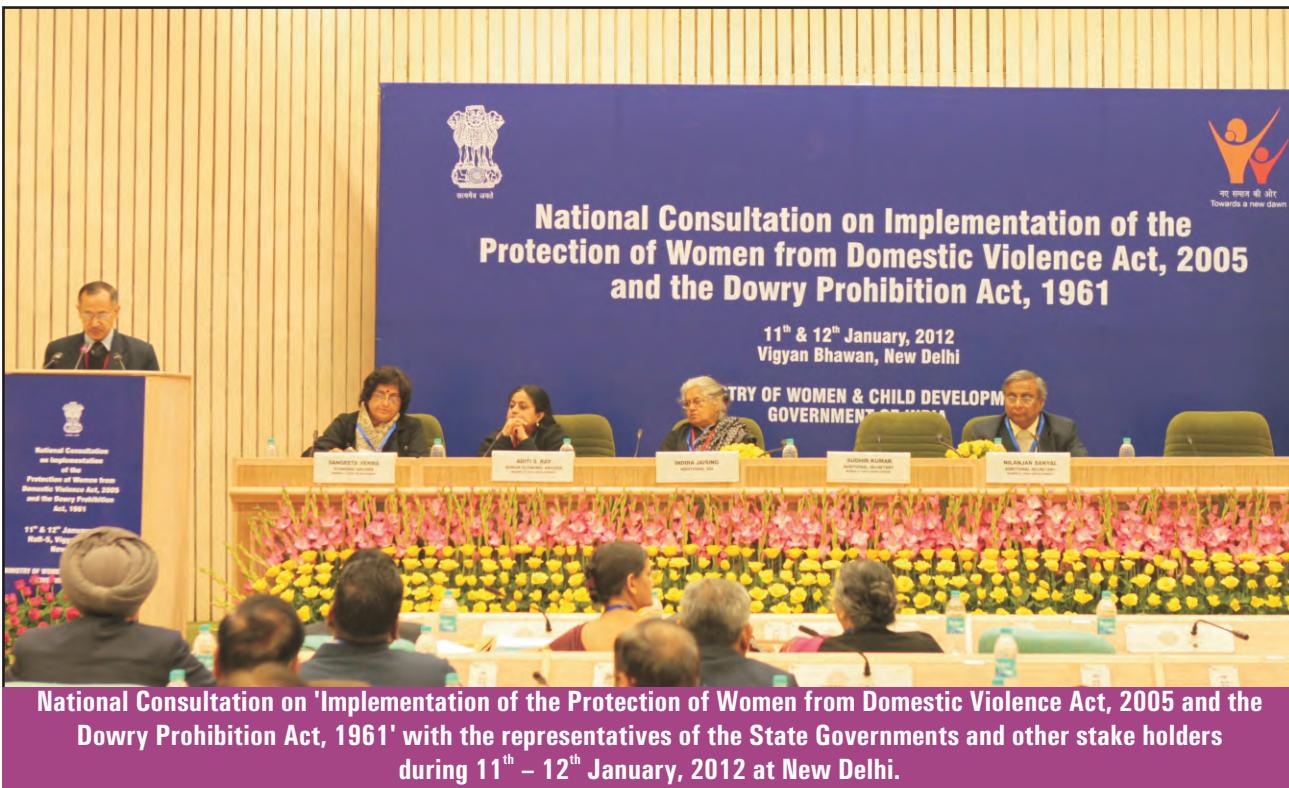

III. LEGISLATIVE INTERVENTIONS

The Indecent Representation of Women (Prohibition) Act, 1986

2.8 A proposal to make the Indecent Representation of Women (Prohibition) Act, 1986 more stringent and to expand its scope so as to cover the electronic medium is under consideration of the Ministry. A draft Amendment Bill and a draft Cabinet Note were circulated to the concerned Ministries on 28th February 2011. After receiving their comments, the matter was again discussed, a revised Bill is being drafted in consultation with the Legislative Department.

The Dowry Prohibition Act, 1961

2.9 The National Commission for Women (NCW) suggested a few amendments to the Dowry Prohibition Act, 1961 which were considered in consultation with the Ministry of Law & Justice and a draft Amendment Bill was prepared. Considering a number of representations received against the proposed amendments, National Commission for Women was asked to hold another consultation with all stakeholders and give their recommendations. NCW held the consultation on 2nd May, 2011 and gave their recommendations. Separately, the Committee on Petitions of Rajya Sabha which examined a Petition praying for amendments in Section 498A of IPC has inter alia recommended that the Dowry Prohibition Act may be strengthened. The Ministry also held a Regional Consultation on 17th November, 2011 and a National Consultation on 12th January, 2012 with representatives of the State Governments and other stakeholders and reviewed and deliberated on the status of implementation of the Dowry Prohibition Act and implementation bottlenecks. Based on the deliberations, the need for amendments is being considered.

National Consultation on 'Implementation of the Protection of Women from Domestic Violence Act, 2005 and the Dowry Prohibition Act, 1961' with the representatives of the State Governments and other stake holders during 11th – 12th January, 2012 at New Delhi.

The Protection of Women from Domestic Violence Act, 2005

2.10 The Protection of Women from Domestic Violence Act, 2005 came into force on 26th October, 2006. The Ministry has been reviewing with the State Governments the implementation of the Act from time to time. The Ministry also held a Regional Consultation on 17th November, 2011 and a National Consultation on 11th January, 2012 with the representative of the State Governments and other stake holders to review the status of implementation of the Act. As per the information received from the States, all the State Governments have appointed Protection Officers. However, some States are yet to register Service Providers and notify medical facilities and shelter homes. The Ministry has been advising all the State Governments to put in place necessary infrastructure and human resources for effective implementation of the Act.

The Working Group of the Planning Commission on 'Women's Agency and Empowerment' set up for the 12th Plan has recommended a new scheme to provide financial assistance to States for effective implementation of the Act.

Protection of Women against Sexual Harassment at the Workplace

2.11 Sexual harassment at workplace is a violation of women's right to gender equality, life and liberty. It creates an insecure and hostile work environment, which discourages women's participation in work, thereby adversely affecting their economic empowerment and the goal of inclusive growth. Reaffirming that sexual harassment at workplace is a form of discrimination against women and recognizing that this violates the Constitutional Right to Equality, the Supreme Court of India in the case of *Vishaka & Ors. v. State of Rajasthan & Ors.* (1997) provided guidelines to address this issue pending the enactment of a suitable legislation.

2.12 With more and more women joining the workforce, both in organised and unorganised sectors, ensuring an enabling working environment through legislation is imperative. Besides, women in educational and medical institutions and women who may enter a workplace in various capacities such as clients and customers are also vulnerable and need protection from sexual harassment at the workplace.

2.13 Keeping this in view, the Government introduced the '**Protection of Women against Sexual Harassment at Workplace Bill, 2010**' in Lok Sabha on 7th December, 2010. It seeks to provide every woman, irrespective of her age or employment status, a safe and secure environment, free from sexual harassment by fixing responsibility on the employer and laying down a redressal mechanism. The Bill aims at providing protection to women against sexual harassment at all workplaces, both in the public and private sector, whether organized or unorganized, and for the prevention and redressal of complaints of sexual harassment. Women who are employed as well as those who enter the workplace as clients, customers or apprentices, including students and research scholars in colleges and universities and patients in hospitals are sought to be covered under the proposed legislation.

2.14 The Bill will be revised after considering the recommendations of the Department Related Parliamentary Standing Committee and is expected to be introduced in the next Budget Session of Parliament.

IV. NATIONAL MISSION FOR EMPOWERMENT OF WOMEN (NMEW)

2.15 The launch of the National Mission for Empowerment of Women (NMEW) in March 2010 is an important development that will provide the much required fillip to a coordinated assessment of current Government interventions and aligning future programmes so as to translate the NPEW prescriptions into reality. The Mission was operationalised during 2011-12, with the setting up of a full fledged Mission Directorate and a National Resource Centre for Women (NRCW) within the nodal ministry, i.e., the Ministry of Women and Child Development.

2.16 The NRCW has technical experts from eight domains: economic empowerment, social empowerment, health and nutrition, gender budgeting, gender laws and rights, marginalised and vulnerable women, media and communication and I.T services – a holistic and comprehensive repertoire to cover the multi-faceted and complex issues affecting women across the country.

2.17 While the national framework of the NMEW was put in place during the first half of the year, the second half witnessed the laying of foundations at the grassroots level, for the Mission's work in the coming years.

SMA^s—A state level focus

2.18 The national framework of the NMEW involves setting up of a 'State Mission Authority', in each State, under which the State Resource Centre for Women (SRCW) would be set up, based on the national model. By the end of 2011-12, SMA^s (State Mission Authorities) had been constituted in 18 States and Union Territories and funds released for setting up of SRCWs to all States and UTs.

Consultative Workshops - The groundwork for strategy

2.19 The NMEW strongly focuses on listening to voices at the field level to formulate strategy. To understand the challenges and issues being faced by women in different regions, the NRCW staff held 3 consultative workshops – one each in Rajasthan, Uttar Pradesh and Assam.

2.20 NMEW has since developed a multi-pronged strategy to achieve its objectives based on discussions with domain experts as well as recommendations from the consultative workshops with various stakeholders including Government, Civil Society Organizations and PRI (Panchayati Raj Institutions) leaders in the respective States. The strategy focuses on Intervention at the policy level by reviewing studies / evaluations / impact assessment of programs/schemes for gender equality, strengthening the implementation and delivery mechanism and empowering women to demand their entitlements.

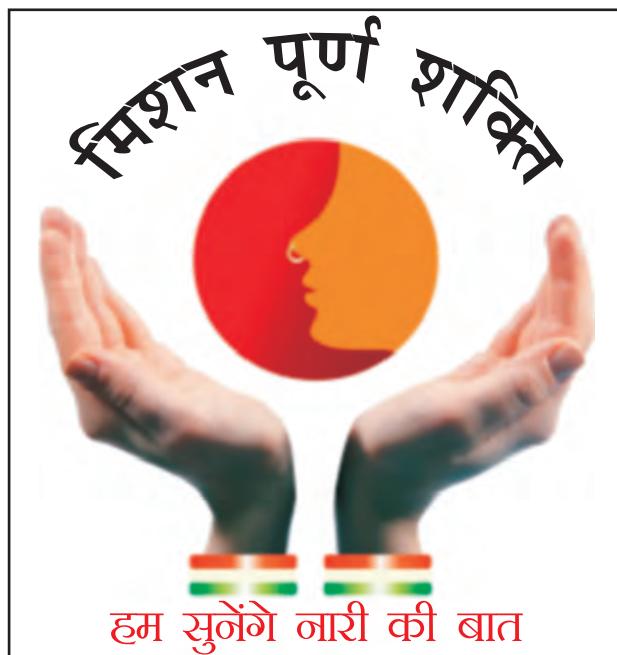

Poorna Shakti Kendra – The convergence model

2.21 One of the most important aims of the NMEW is to achieve convergence of women focused schemes, policies and programmes – so that empowering them to become a one-stop process. In keeping with this idea, the concept of the 'Poorna Shakti Kendra' was developed by NMEW. The 'Poorna Shakti Kendra' is a model for a convergence centre at the district level. These are centres dedicated to helping women access the benefits made available to them through various government programmes, in select districts of the country.

2.22 The first pilot convergence project was launched in District Pali, Rajasthan on September 16, 2011 with the opening of 150 village level centers, a district convergence cum facilitation centre for women and 2 block level centres. The second one was launched in District Kamrup, Assam on December 23, 2011.

Information, Education and Communication (IEC)

2.23 The NMEW recognises that one of the most important activities that it needs to undertake is Information, Education and Communication, through various innovative mediums, a powerful way to change attitudes and mindsets that relegate women to a secondary position in society.

The NMEW logo and slogan – "Hum sunenge naari ki baat"

2.24 The standard communication module for NMEW was developed during 2011. The mission has been given the name '*Mission Poorna Shakti*' – indicating the holistic nature of the mission and also that it seeks to empower women in all aspects of their lives. The NRCW also developed IEC (Information, Education and Communication) guidelines and shared them with the States, so that gender sensitisation through communication can be taken up as a national agenda.

Website – The resource centre

2.25 Another promising beginning was made, when the NMEW started its web site with the objective of being the one stop destination for information on issues affecting women and Government's policies and programmes for the same. The website was launched by Shri Pranab Mukherjee, Hon'ble Finance Minister, Government of India on 19th November, 2011.

V. SCHEMES FOR WOMEN

(1) Rajiv Gandhi Scheme for Empowerment of Adolescent Girls - Sabla

2.26 A comprehensive scheme for the holistic development of adolescent girls called '**Rajiv Gandhi Scheme for Empowerment of Adolescent Girls –Sabla**' was introduced in 2010 . Sabla is initially being implemented in 200 selected districts across the country, using the ICDS platform. In these districts, *Sabla* has replaced the Nutrition Programme for

Adolescent Girls (NPAG) and Kishori Shakti Yojana (KSY). In the non-*Sabla* districts, KSY is continues as before.

2.27 *Sabla* is being implemented through the State Governments/UTs with 100 per cent financial assistance from the Central Government for all inputs other than nutrition provision for which 50% Central assistance to States is provided. Anganwadi Centre is the focal point for the delivery of the services. *Sabla* aims at an all-round development of adolescent girls of 11-18 years by making them self reliant by facilitating access to learning, health and nutrition through various interventions such as health, education, vocational training etc.

2.28. The scheme has two major components i.e., Nutrition and Non Nutrition Component. Nutrition is being given in the form of Take Home Ration or Hot Cooked Meal for 11-14 years Out of school girls and 14 -18 years to all AGs (out of school and in school girls). In the Non Nutrition Component, the Out of school Adolescent Girls 11-18 years are being provided IFA supplementation, Health check-up and Referral services, Nutrition & Health

**Smt. Krishna Tirath, Hon'ble MOS(I/C)(WCD) addressing gathering on the occasion of Kishori Sammelan
on 24th December, 2011 at Rohini, Delhi**

Education, Counselling/ Guidance on family welfare, Adolescent Reproductive Sexual Health (ARSH), child care practices and Life Skill Education and accessing public services and 16-18 year old AGs are also being given vocational training. Anganwadi centre (AWC) in the village is the focal point for the implementation of the scheme ***Sabla***, where the school going girls and out-of school girls would meet. At the AWC they receive life skill education, nutrition & health education, awareness about other socio-legal issues etc. This gives an opportunity for mixed group interaction between in-school and out-of-school girls, motivating the latter to join school.

2.29 An integrated package of services is being provided to adolescent girls as follows:

- i. Nutrition provision (@ ₹ 5/- per day for 300 days annually)
- ii. Iron and Folic Acid supplementation (52 tablets annually)
- iii. Health check-up and referral services
- iv. Nutrition & health education
- v. Counselling/guidance on family welfare, ARSH, child care practices, and home management
- vi. Life skills education and accessing public services
- vii. Vocational training for girls aged 16 and above, under the National Skill Development Programme

2.30 Coordination with different Ministries / Departments at all levels such as education, health, youth affairs, employment training, etc., is important for the success of the scheme ***Sabla*** which requires convergence of services with various schemes/ programmes of the different implementing Ministries. Implementation Guidelines and prototype of the Kishori Card (for Sabla beneficiaries) and an IEC pamphlet have been circulated to all States/UTs. Training modules have been developed by NIPCCD for training of ICDS functionaries upto the grassroot level for the effective implementation of the scheme. Training of ICDS functionaries

(implementing the scheme), across the country, is being conducted by National Institute for Public Cooperation and Child Development (NIPCCD).

2.31 Though there has been some progress of the scheme in the last one year.Uptill the end of December, 2011, 67.3 lakh beneficiaries have been covered for nutrition under ***Sabla***. Since non-nutrition component under ***Sabla*** requires effective convergence with the line Ministries, the same is yet to take up in most of the States.

2.32 Under ***Sabla***, age appropriate guidance on existing facilities in the areas of health and family welfare, legal rights, is provided. Visits to the public service places like Post Office, Railway Station, Health Centre and banks are also undertaken for generating awareness and prepare them for enforcing their rights. ***Sabla*** encourages out of school AGs to join school by explaining to them the benefits of education. It is the ideal platform for the school authorities to address the out of school AGs, to motivate them to enrol in school. Upto to December, 2011, 4212 adolescent girls have been mainstreamed to the school system.

2.33 Vocational training is a major contributor to the socio-economic enhancement of any individual. Under ***Sabla***, AGs are linked with National Skill Development Programme of Ministry of Labour & Employment for imparting vocational training to out of school girls above 16 years of age. The training improves the employability after 18 years and focuses on non-hazardous income generating skills, which are area specific. Till end of December, 2011, 11,149 adolescent girls have already been provided vocational training under ***Sabla***.

2.34 '***Seedha Samvad***', a direct interaction with ICDS functionaries and ***Sabla*** beneficiaries was organised by the Ministry on 11th May 2011 at Rae Bareily, Uttar Pradesh. Smt. Sonia Gandhi, Chairperson, National Advisory Council graced the occasion and called upon the audience for effective implementation of the scheme.

2.35 The UNICEF brand ambassador for Girl Child, Ms. Priyanka Chopra also visited anganwadi centre at Nanakpura Village near Jaipur, Rajasthan as part of a ***Sabla*** awareness generation effort in September 2011. She, along with the Ministry and

State officials interacted with adolescent girls to ascertain their problems and to encourage them to avail services under Sabla and inspired them to work hard to achieve their dreams.

2.36 A Budget provision of ₹ 750.00 Crore is available for *Sabla* for 2011-12, against which a sum of ₹ 558.56 Crore (including KSY) was released to States / UTs as on 20.03.2012. Nearly 100 lakh adolescent girls are expected to benefit under the scheme per year. State-wise funds released under *Sabla* are at **Annexure -V**.

Being implemented on pilot basis in 52 selected districts using the platform of ICDS, 12.5 lakh P&L women are expected to be covered every year under IGMSY. The beneficiaries are paid ₹ 4000/- in three installments per P&L woman between the second trimester and till the child attains the age of 6 months on fulfilling specific conditions related to maternal and child health. The scheme also provides for enabling support services in the form of health check-ups, legal and health literacy, elementary education, gender sensitization and mobile crèches. The unique feature of STEP is its integrated package of inputs aiming at holistic development of poor women. The ultimate endeavour of each project is to develop the group to thrive on a self-sustaining basis in the market place with minimal governmental support and intervention even after the project period is over. With a view to expanding the reach of the programme and further strengthening implementation and monitoring, norms and parameters of STEP scheme have been revised in the year 2009.

New Scheme

Financial Assistance and Support Services to Victims of Rape: A Scheme for Restorative Justice

2.61 Rape is one of the most violent forms of crimes against women, which not only impacts her bodily integrity but, in the long-run, impairs her capacity to develop meaningful personal and social relationships, and affects her life and livelihood. The victim of rape suffers mental and psychological trauma, which must be addressed so that she is able to lead a dignified and meaningful life.

2.62 While no amount of financial assistance can adequately compensate for the injury, both physical and emotional, faced by a victim of rape, the Ministry formulated a Scheme 'Financial Assistance and Support Services to Victims of Rape' to provide a helping hand to enable her to cope with the trauma suffered and to tide over her immediate and long-term needs. It is founded on the principle of restorative justice and seeks to restore the affected woman to a position of dignity and self-confidence. The scheme proposes to cover women and minor girls who are victims of rape.

2.63 In furtherance of the goal of ensuring restorative justice, the proposed Scheme provides for:

- Financial assistance to the affected woman; and
- Support services such as shelter, counselling, medical aid, legal assistance, education and vocational training depending upon the needs of the victim.

2.64 The proposed Scheme also envisages the setting up of Criminal Injuries Relief and Rehabilitation Boards at the District, State and Central levels for consideration of claims and ensuring effective coordination between all stakeholders. The priority of the Ministry is to encourage the States/UTs to take up proactive implementation and the effort would be geared to encouraging them to take ownership of the Scheme.

2.65 To orient various stakeholders about the provisions of the scheme and to draw up guidelines for implementation, 3 Regional Workshops were conducted at Bangalore, Kolkatta & Delhi.

2.66 The scheme is awaiting the approval of the Planning Commission on modalities of transfer of funds to the States/UTs.

VI. PREVENTION OF TRAFFICKING OF WOMEN AND CHILDREN FOR COMMERCIAL SEXUAL EXPLOITATION

2.67 Trafficking of human beings, especially of women and children, is an organized crime

violating all basic human rights. Poverty, illiteracy, lack of livelihood options, natural/ man-made disasters are some of the factors that make a person vulnerable to trafficking. The Ministry of Women and Child Development is primarily concerned with trafficking for commercial sexual exploitation.

2.68 The magnitude of trafficking is difficult to estimate due to the clandestine nature of the crime. The stigma attached to prostitution makes it even more difficult to collect the authentic numbers. However, based on studies conducted by the Ministry from time to time, number of women and children in sex work in India is estimated to be 3 million. Most often, the victims are trafficked through means like duping, luring, fake marriages, abduction, kidnapping and through manipulation of social and economic vulnerabilities.

India's Commitment towards Prevention of Trafficking

- Article 23 of the Constitution of India prohibits trafficking in human beings and begar.
- "Immoral Traffic (Prevention) Act, 1956" lays down provisions for stringent punishment to the perpetrators of the crime.
- Indian Penal Code also has provisions for preventing crimes related to trafficking.
- India has ratified the:
 - (a) UN Convention against Transnational Organized Crime with its Protocol to Prevent, Suppress and Punish Trafficking in Persons especially Women and Children
 - (b) SAARC Convention on Preventing and Combating Trafficking of Women and Children in Prostitution;
 - (c) Convention on the Elimination of All Forms of Discrimination against Women; and
 - (d) Convention on the Rights of the Child.

2.69 The Ministry of Women and Child Development has adopted a multi pronged approach to prevent and combat trafficking which includes legislative measures; programmes and schemes for prevention of trafficking and for rescue, rehabilitation, reintegration and repatriation of victims of trafficking; training, capacity building; awareness generation; and empowerment of vulnerable groups.

The Immoral Traffic (Prevention) Act, 1956

2.70 The Immoral Traffic (Prevention) Act, 1956 [ITPA] is the premier legislation for prevention of trafficking for commercial sexual exploitation. It lays down stringent punishment for the perpetrators of the crime, such as, for keeping a brothel, living on the earnings of prostitution, procuring, inducing or taking persons for the sake of prostitution, detaining a person where prostitution is carried on etc. The Act also provides for setting up of Protective Homes by the State Governments.

Integrated Plan of Action to Prevent and Combat Human Trafficking with special focus on Children and Women

2.71 In 1998, The Ministry formulated a National Plan of Action to Combat Trafficking and Commercial Sexual Exploitation of Women and Children (NPA) with the objective of mainstreaming and reintegrating the trafficked victims in society. Since trafficking in human beings takes place for various purposes, such as, sexual exploitation, prostitution, domestic labour, child labour, bonded labour, slavery, etc. Ministry of Women and Child Development in collaboration with the Ministries of Home Affairs and Labour and Employment, National Human Rights Commission (NHRC) and National Commission for Women (NCW) is in the process of formulating an Integrated National Plan of Action (INPA) to Prevent and Combat Human Trafficking with Special Focus on Children and Women.

Central Advisory Committee to Combat Child Prostitution

2.72 To advise the Government on various aspects of trafficking, the Ministry constituted a Central Advisory Committee (CAC) under the Chairpersonship of Secretary, Ministry of Women and Child Development. Representatives of Central Ministries concerned, State Governments, National Commission for Women, National Human Rights Commission, National Commission for Protection of Child Rights, autonomous institutions such as Central Social Welfare

Board, National Institute for Public Cooperation and Child Development, NGOs and International Organizations such as UNIFEM, UNICEF and UNODC participate in the meetings. The last meeting of the CAC was held on 18.5.2011. An Advisory on measures to be taken for combating trafficking of women and children for commercial sexual exploitation was issued to State Governments/UT Administrations on 12.10.2011.

Scheme for Combating Trafficking

2.73 “Ujjawala”, a comprehensive scheme to combat trafficking was launched by the Ministry on 4th December, 2007 and is being implemented mainly through NGOs. The Scheme has five components — Prevention, Rescue, Rehabilitation, Re-Integration and Repatriation of trafficked victims for commercial sexual exploitation.

Some of the activities envisaged under the Scheme are:-

- Formation of community vigilance groups, adolescents groups, awareness creation and preparation of IEC material, holding workshops, etc.
- Safe withdrawal of victims from the place of exploitation.
- Rehabilitation of victims by providing them safe shelter, basic amenities, medical care, legal aid, vocational training and income generation activities.
- Re-integration of victims into society.
- Provide support to cross-border victims for their safe repatriation to their country of origin.

2.74 Under the Scheme, assistance is provided to eligible organizations for undertaking the above activities. An outlay of ₹ 10.00 crores was approved for the Scheme in 2011-12. During the year, 19 new projects have been sanctioned taking the total number of sanctioned projects to 166 which includes 83 Rehabilitation Homes. Funds were released / sanctioned for 64 projects during the year (upto 30.1.2012). Details of funds sanctioned / released to different organizations during 2011-12 are at **Annexure-XIV**.

Training and Capacity Building

2.75 The Ministry of Women and Child Development in collaboration with National Institute of Public Co-operation and Child Development (NIPCCD) organizes trainings and workshops on issues related to trafficking for NGOs and other stakeholders.

Cross border trafficking

2.76 To facilitate operationalization of the provisions of the SAARC Convention on Preventing and Combating Trafficking of Women and Children in Prostitution, the Standard Operating Procedures (SOPs) have been finalized. At a Regional Task Force meeting held in April 2010, the Paper, prepared by India, for a uniform toll-free helpline for children was discussed. A meeting was held in Delhi where issues relating to setting up of help lines for women and children were discussed.

VII. RECOGNITION OF WOMEN: STREE SHAKTI PURASKAR

2.77 Indian women have taken on different roles after Independence and excelled in many fields. The fact that in most cases, success has

been achieved in the face of adversity and difficulties and with the strength of courage, initiative and determination makes them special.

2.78 It is important that such success stories are publicly recognized so that these women become role models for the future generations of Indian women. As a measure of recognition of achievements of individual women in the field of social development, the Government of India has instituted six national awards titled 'Stree Shakti Puraskar'.

2.79 Five of these awards given in the names of *Jhansi Ki Rani Lakshmi Bai, Kannagi, Rani Gaidinliu Zeliang, Devi Ahilya Bai, Mata Jija Bai* were instituted in 1999. Another sub-category of Stree Shakti Award, which is named after *Rani Rudramma Devi*, has been added from the year 2007. These awards are given for outstanding administrative skill, leadership quality and courage and work towards empowerment of women. Each award carries a cash prize of ₹ 3.00 Lakh and a citation.

2.80 Stree Shakti Puraskar, 2011 were presented to the awardees by Her Excellency, the President of India on 7th March, 2012 on the occasion of

**Smt. Pratibha Devi Singh Patil, Hon'ble President of India felicitating a 'Stree Shakti Puraskar, 2011' awardee.

 - Young women should be made a part of the existing forum.
 - Efforts are needed to engender the other IBSA Working Groups and Memorandum of Understanding (MOU).
 - Direct representation of the women's forum in the IBSA Fund Project Approval Committee (on a rotational basis) is required so that they are a part of the review of project proposals to ensure emphasis on women, children and women with disabilities.

This had also inculcated the spirit of entrepreneurship in Indian women. There was need to work together in a holistic and coordinated manner to fulfill our obligations and commitment to gender equality and the empowerment of women.

The three themes for SGIB are Feminization of Poverty, Violence against women (especially trafficking) and Health Issues (including HIV). Under the three

themes, there are components and under each component prioritized indicators are identified. The indicators are quantitative in nature. The Ministry of Women and Children Development is the nodal agency for SGIB in India. SGIB Focal Points meeting was held in Nepal from 7 – 8th June, 2011 and a Review Meeting was held on 16 – 17th February, 2012 at Colombo, Sri Lanka. The Ministry of Women and Child Development participated in both the meetings.

Child Development

Towards a New Dawn

Child Development

3.1 Children in the age group 0–6 years constitute more than 13% of the population of India. These children are the future human resource of the country. Ministry of Women and Child Development is implementing various schemes for survival, development and protection of children. The details of the schemes and programmes undertaken for children are discussed in the succeeding paragraphs.

Integrated Child Development Services (ICDS) Scheme

3.2 The Integrated Child Development Services (ICDS) Scheme is one of the flagship programmes of the Government of India and represents one of the world's largest programme for Early Childhood Development. It is the foremost symbol of country's commitment to its children and nursing mothers, as a response to the challenge of providing pre-school non-formal education on one hand and breaking the vicious cycle of

malnutrition, morbidity, reduced learning capacity and mortality on the other. The beneficiaries under the Scheme are children in the age group 0-6 years, pregnant women and lactating mothers. Objectives of the Scheme are:

- i. *to improve the nutritional and health status of children in the age-group 0-6 years;*
- ii. *to lay the foundation for proper psychological, physical and social development of the child;*
- iii. *to reduce the incidence of mortality, morbidity, malnutrition and school dropout;*
- iv. *to achieve effective co-ordination of policy and implementation amongst various departments to promote child development; and*
- v. *to enhance capability of the mother to look after the normal health and nutritional needs of the child through proper nutrition and health education.*

The ICDS Scheme offers a package of six services, viz,

- i) supplementary nutrition
- ii) pre-school non-formal education
- iii) nutrition & health education
- iv) immunization
- v) health check-up and
- vi) referral services

The last three services are related to health and are provided by Ministry of Health and Family Welfare through NRHM & Health system.

The perception of providing a package of services is based primarily on the consideration that the overall impact will be much larger if different services develop in an integrated manner as the efficacy of a particular service depends upon the support it receives from related services.

For better governance in the delivery of the Scheme, convergence is, therefore, one of the key features of the ICDS Scheme. This convergence is inbuilt in the Scheme which provides a platform in the form of Anganwadi Centres for providing all services under the Scheme.

Funding Pattern

3.3 Prior to 2005-06, providing supplementary nutrition was the responsibility of the States and administrative cost was provided by the Government of India as 100% central assistance. It was decided in 2005-06, to support the States/UTs up to 50% of the financial norms or to support 50% of expenditure incurred by them on supplementary nutrition, whichever is less. In 2009-10, Government of India further modified the sharing pattern of the ICDS Scheme between the Centre and States. The sharing pattern of supplementary nutrition in respect of North-Eastern States between Centre and States has been changed from 50:50 to 90:10 ratio. In respect of other States and UTs, the existing sharing pattern in respect of supplementary nutrition in the ratio of, 50:50 continues. However, for all other components of ICDS, including the administrative cost, the ratio has been modified to 90:10 which was 100% Central Assistance earlier.

Population Norms

3.4 Population Norms for setting up of AWCs and Mini-AWCs have been revised to cover all habitations, particularly keeping in view those inhabited by SC/ST/Minorities. The revised population norms of the ICDS Scheme are as under:

For AWCs in Rural/Urban Projects

Population

400-800	1 AWC
800-1600	2 AWCs
1600-2400	3 AWCs
Thereafter in multiples of 800	1 AWC

For Mini-AWC

150-400	1 Mini-AWC
---------	------------

For Tribal/Riverine/Desert, Hilly and other difficult areas/Projects

300-800	1 AWC
---------	-------

For Mini-AWC

150-300	1 Mini-AWC
---------	------------

Revised Supplementary Nutrition Norms

3.5 Provision of supplementary nutrition under ICDS is primarily designed to bridge the gap between the Recommended Dietary Allowance (RDA) and the Average Daily Intake (ADI). On an average, the effort is to provide daily nutritional supplements to the extent indicated below:

Beneficiaries	Calories (cal)	Protein (g)
Children (6-72 Months)	500	12-15
Severely malnourished Children	800	20-25
Pregnant & Lactating (P&L) Mothers	600	18-20

Financial Norms

3.6 Financial Norms of Supplementary Nutrition have been revised with effect from 24.2.2009 and are given below:

Category	Rates
(i) Children (6 months to 72 months)	₹ 4.00 per child / per day
(ii) Severely malnourished Children (6 months-72 months)	₹ 6.00 per child / per day
(iii) Pregnant women and lactating mothers	₹ 5.00 per beneficiary / per day

3.7 Considering the fact that the AWC as the platform of ICDS is the focal point of service delivery relating to health, nutrition and education, there has been upward revision in financial norms and nutritional norms under supplementary nutrition and enhancement in the honoraria of Anganwadi Workers and Helpers.Under the revised Nutritional and Feeding Norms for Supplementary Nutrition, State Governments/UTs

have been directed to provide more than one meal to the children who come to AWCs which include providing a morning snack in the form of milk/ banana/egg/ seasonal fruits/ micro-nutrient fortified food followed by a hot cooked meal. For children below 3 years of age and pregnant and lactating women, appropriate Take Home Ration (THR) is to be provided.

Expansion of ICDS

Launched in 1975 in 33 Blocks (Projects) with 4, 891AWCs

Currently, 7, 076 Projects and 14 lakh AWCs have been approved, which also includes a provision of 20,000 AWCs ‘On Demand’.

Sanctioned Projects - 7,076 with 13.70 lakh AWCs (as on 23.03.2012)

Of the 13,70,718 sanctioned AWCs/Mini -AWCs/ AoD , around 13.03 lakh are operational (as on 31.12.2011)

Registration of Beneficiaries

3.8 All children below 6 years of age, pregnant women and lactating mothers are eligible for availing of services under the ICDS Scheme. The Scheme is universal in coverage for all the categories. BPL is not a criterion for registration of beneficiaries under ICDS. However, the scheme operates on self-selection basis.

Introduction of New WHO Child Growth Standards in ICDS

3.12 The new WHO standards, globally used, prescribe how children should grow with optimal nutrition and health care. The child growth standards recognize the breastfed infant as the normative model, provide reference values for assessing childhood obesity, and also the link between physical growth and motor development. With these new standards, parents, communities, child care workers, programme managers, health and care advocates will know when the nutrition and care needs of children are being compromised.

The use of this tool enables them to take timely corrective action at different levels. ICDS, since its inception, had been using Harvard standards (IAP) for the purpose of monitoring growth among children. In 2008, the Government of India decided to introduce the new WHO Growth standards through ICDS and NRHM. These standards of Weight-for-Age have been adopted by India. The NFHS-3 Report has also incorporated the new growth standards and brought out the revised levels of malnutrition according to which the average level of malnutrition in the country is 42.5% and severely underweight children are 15.8%. As per latest available information, new WHO Growth Charts have been rolled out in 6,360 projects.

Implementation of New WHO Growth Chart at Anganwadi Centre

Joint Mother & Child Protection Card

3.13 A joint Mother and Child Protection Card (MCPC) has been devised in consultation with the Ministry of Health & Family Welfare for wider distribution among all beneficiaries of ICDS. This card will provide useful information on growth monitoring of children

and is a significant step towards convergence with Ministry of Women & Child Development and Ministry of Health & Family Welfare. Besides, it has IEC template and can be used as tool to monitor services. The MCP Card implemented by both MWCD and MOHFW is one of the best examples of convergence of services at the highest level and the same is expected at all levels. MCPC is a

Pre-School Activity at Angawadi Centre

pictorial communication tool designed to assist mothers in understanding and monitoring individual progress and child health including psychosocial development. It is also a tool through which families can learn, understand and follow their child's development during first three years and enable them to follow positive practices to achieve good health of mother and children. It empowers families/communities to take responsibility and take action for maternal and child health themselves and facilitates a functional convergence of services between ICDS and health. MCP Cards have been rolled out in 5,768 projects across the country.

Wheat Based Nutrition Programme (WBNP)

3.14 Foodgrains (Wheat, Rice and Coarse Grains) are allocated by Department of Food & Public Distribution at BPL rates for allocation to the States/UTs. Foodgrains allocated under the Scheme are used for preparation of supplementary nutrition for the beneficiaries of the Integrated Child Development Services (ICDS) Scheme. During 2011-12, Department

of Food & Public Distribution has allocated 9.52 lakh MTs of Wheat, 5.65 lakh MTs of Rice, 9185 MTs of Maize and 5399 MTs of *Jowar*; out of which 9.64 lakh MTs of Wheat, 4.06 lakh MTs of Rice, 9185 MTs of Maize and 1350 MTs of *Jowar* have been allocated by the Ministry to various States/UTs (as on 23.03.2012).

3.16 The ICDS Scheme envisages Anganwadi Workers (AWWs) and Anganwadi Helpers (AWHs) as honorary workers who are paid a monthly honorarium. AKBY under the LIC's Social Security Scheme is one of the welfare measures extended to the grassroots functionaries of the ICDS Scheme. The Government of India has introduced the Anganwadi Karyakartri Bima

Yojana with effect from 1.4.2004. The premium under the scheme is ₹ 280/- per annum per member out of which ₹ 100/- is paid by LIC from Social Security Fund, ₹ 100/- by the Government of India and ₹ 80/- by the Anganwadi Worker/Helper (insured member). The premium of ₹ 80/- payable by these workers has been waived off upto 31.3.2013. The salient features of this Bima Yojana are as under:-

Scholarship of ₹ 300/- per quarter for students in 9th to 12th standard (including ITI courses) would be provided. Scholarship is limited to two children per family. During the financial year 2011-2012 (upto 31.12.2011), the following numbers of claims have been settled and scholarships paid:

SABLA and IGMSY are also being implemented. The ICDS Scheme does not provide for construction of AWC buildings except in the North Eastern States. Out of 55,281 sanctioned AWC buildings in NE States, 43,153 AWC buildings have been constructed so far.

3.20 States like Andhra Pradesh, Kerala, Chhattisgarh, Rajasthan, Haryana, Tamil Nadu etc. have, of late, developed some model AWCs with 2-3 rooms including space for ANC, washing area, toilet, proper storage, kitchen and other attendant facilities. This is a progressive step towards better implementation of ICDS.

3.21 The Ministry has compiled information on AWC infrastructure in respect of 11.13 lakh AWCs/mini-AWCs in 33 States/UTs. Following are observed:

- iv) Ministry of Finance has since released first instalment of grant to Chhattisgarh, Maharashtra and West Bengal for utilization during year 2011-12. Ministry of Women & Child Development would review the progress in this regard from time to time and recommend further release of grant to the Ministry of Finance as may be required.

Training & Capacity Building

3.23 Achievement of the ICDS programme goals depends upon the effectiveness of frontline workers in improved delivery of packages under ICDS. The importance of training and continuous capacity building of the ICDS functionaries in ICDS is well recognized as vital for success of the programme.

State Training Action Plans (STRAPs):

3.24 Under the ICDS Training programme, all States/UTs are required to submit State Training Action Plans (STRAPs) delineating details of various types of training programmes for ICDS field level functionaries, which are proposed to be undertaken during the financial year. During 2011-12, STRAPs were received from 31 States/UTs and the same were approved involving an estimated cost of ₹ 137.06 crore. State-wise approval of STRAPs is shown at **Annexure-XVII**.

Infrastructure for ICDS Training

3.25 Training programmes for various field functionaries in ICDS are organized through:

- Anganwadi Workers Training Centres (AWTCs) for the training of Anganwadi Workers and Helpers;
- Middle Level Training Centres (MLTCs) for the training of Supervisors and Instructors of AWTCs;
- State Training Institute for the training of Instructors of MLTCs and CDPOs/ ACDPOs in Tamil Nadu and
- National Institute of Public Cooperation and Child Development (NIPCCD) and its four Regional Centres (in Guwahati, Lucknow, Bangalore and Indore) for training of CDPOs/ACDPOs and Instructors of MLTCs.

As on 31.12. 2011, a total of 491 AWTCs (369 run by NGOs) and 27 MLTCs (17 run by NGOs) were operational across States/UTs. State-wise operational AWTCs and MLTCs are shown at **Annexure-XVIII**

3.26 Physical Progress: During 2011-12, a total of 49,767 AWWs (47% of STRAP target), 859 Supervisors (24% of target) and 33,276 AWHs (34% of target) were reported to have received job training up to 31st December, 2011 (based on QPRs received from 21 States/UTs till date). Apart from this, another 89,361 AWWs (51% of STRAP target), 2,371 Supervisors (32% of target) and 60,611 AWHs (58% of target) were given refresher training during the period.

3.27 Financial Status: Against a budgetary allocation of ₹ 100 crore for the ICDS training programme during 2011-12, an amount of ₹ 64.59 crore was released to the States/UTs till 24th February, 2012. Also, unspent balance for an amount of ₹ 6.72 crore, out of the funds released during 2010-11, has been revaluated for utilization during 2011-12 as per details at **Annexure-XIX**.

Management Information System (MIS)

3.28 The ICDS Scheme has an in-built monitoring system since its inception to track the physical progress of the scheme in respect of various input, process, output and impact indicators. Through a standardized Management Information System (MIS), regular reports viz. Monthly Progress Reports (MPRs)/Half-Yearly Progress Reports (HPRs) flow upwards from the Anganwadi Centres (AWCs) to blocks, district HQs, State Directorates and finally in aggregated form to the Government of India. AWWs maintain several registers to record information on their day-to-day delivery of services and also on the beneficiaries. The Monitoring & Evaluation Unit of the Child Development Bureau in the Ministry is responsible for compilation and analysis of the periodic monitoring reports received from the States/UTs in the prescribed formats (Format I and II). Information on a few critical indicators viz., operationalization of projects/AWCs, vacancy positions in respect of various functionaries, AWC level ICDS target population, beneficiaries of supplementary food and pre-school education and nutritional status of children are received from the States/UTs and analyzed at the central level on quarterly basis. The progress and shortfalls indicated in the reports are also reviewed by the Ministry with the State Governments regularly through review meetings/sending feedback.

3.29 Revised MIS: Since last two years, the Ministry has initiated a process of revamping the existing MIS in ICDS to ensure consistent and accurate recording and reporting of critical programme implementation data, as also to minimize efforts of the AWWs and other functionaries in the process. As part of this, the Ministry has since finalized a set of revised AWC Registers and reporting formats (MPRs) in consultation with the States/development partners/Experts and is currently in the process of finalizing the designing of the revised MIS formats centrally in major regional languages. The Ministry organized four workshops on translation of the revised formats with the help of State Govt. officials to ensure use of local words in the formats. Three workshops were organized in collaboration with NIPCCD at its Regional Centres located at Lucknow (23-24 Sept., 2011), Bengaluru (28-29 Sept., 2011) and Guwahati (17-18 Nov., 2011). The last workshop was held at New Delhi on 23-24 Feb., 2012 to cover the left-out States from northern region. A detailed roll-out plan for revised MIS, including printing and distribution of revised AWC registers to all AWCs; training of ICDS functionaries on revised MIS etc is being worked out. The whole process of roll-out is expected to take more than a year starting from April 2012 to cover 35 States/UTs.

3.30 Online-Monitoring Mechanism - Web-Enabled MIS: As part of the revised MIS, the Ministry is also working with the National Informatics Center (NIC) for developing a web-enabled MIS to capture programme data online from across the States. The software that is being developed will help data entry of the MPRs and other information at the block/district level and compilation and generation of various reports at different levels. By the time the States are fully ready with the new registers and reporting formats, the web-based MIS is expected to be ready to help the States to enter the monitoring data electronically from the block/district level, wherever feasible and generate reports.

3.31 New Guidelines for monitoring, review and supervision: The existing practice of monitoring and supervision visits in the field has been standardized and minimum visits required to be made at various levels have been stipulated to ensure effectiveness in the delivery of services in ICDS Scheme besides involvement of PRIs in Monitoring of AWC activities. A check list of various aspects to be monitored /supervised by the State and Central officials during their visits has also been prescribed for their guidance. In the context of universalization of ICDS with focus on improved quality in delivery of services as also to rationalize and harmonize the monitoring mechanism in all States/UTs with an objective of strengthening the coordination and convergence with the line departments, a 5-tier monitoring and review mechanism at the Central level and up to Anganwadi level has been introduced. The people's representatives (MPs/MLAs/PRIAs) have also been included in the Monitoring Committees to make the mechanism more transparent and participative. The States are taking steps and are in the process of operationalizing guidelines.

3.32 Supervision Visits by MWCD Officials to States: During 2011-12, field visits to various States have been undertaken by the Hon'ble Minister of State (Independent charge), Women and Child Development, Secretary and other Officers of the Ministry to review the implementation of ICDS. Based on the review meetings with States/UTs and field visits to AWCs/ICDS projects, the key observations which have come to the notice are - slow operationalization of Projects/AWCs/ mini-AWCs by States/UTs, large number of vacancies of CDPOs, Supervisors and Anganwadi Workers/Helpers; non-adherence to revised supplementary nutrition norms; disruptions in providing hot cooked meal and THR; supply of supplementary food for less number of days than 25 days per month; engagement of ICDS functionaries in non-ICDS work resulting in disruption and deficiency of ICDS services, etc. These issues have been brought to the notice of the respective State/ UT Governments for corrective actions.

- Take Home Ration (THR) is distributed to children 6 months to 3 years in approximately 3/4th AWCs visited. Hot cooked food to children 3-6 years is distributed, in more than 50% AWCs. 19% AWCs were giving only ready-to-eat as morning snack and first meal. THR to P & L women was observed in 67% AWCs.
- Acceptability of supplementary nutrition was observed in 83% AWCs.
- Interruption in supplementary nutrition during past six months in 2011-12 was reported in 23% AWCs (Arunachal Pradesh-100%, Tripura-90%, Manipur-80%, Assam-60%).
- Growth charts were available in 84% AWCs
- 75% AWCs reported organization of counseling sessions
- 90% CDPOs were found to have made regular visits to AWCs; however, only 1% of them used any demonstration to guide the AWWs. CDPOs were found being not able to perform their supportive and guiding role effectively.
- Educational background and training status of AWWs were found to be satisfactory. More and more educated women were found to be joining ICDS. More than 50% AWWs were matriculate.
- PRI involvement in monitoring of AWC activities was observed in 75% of ICDS projects (of the 433 projects visited)

3.33 Concurrent Monitoring of ICDS by the Central Monitoring Unit, NIPCCD: A Central Monitoring Unit (CMU) was established in NIPCCD in 2008 for strengthening the monitoring systems in ICDS with the objective of capturing information on various aspects of implementation of the Scheme through independent professionals/experts. This is carried out through the facilitating State Monitoring Units (SMUs) that operate at the State level, mostly by the Social or Preventive Medicine Departments of Medical Colleges or Home Science Colleges. Presently, 60 institutions, including the four NIPCCD regional centres, have been operating as independent SMUs for concurrent monitoring and evaluation. Periodic reports on the assessment of programme implementation are submitted by NIPCCD to the Ministry from time-to-time. The latest Report based on the data collected from the field visits by the CMU/SMU Teams in 433 projects and 2,353 AWCs across 27 States/UTs during 2010-11 and 196 projects and 1,062 AWC across 25 States/UTs during 2011-12, inter-alia, reveal the following key findings:

Conference of the State Ministers-in-charge of Women and Child Development

3.34 The Ministry organized a 3-day Conference with the State Ministers of Social Welfare/Women and Child Development during 20-22nd July, 2011 at New Delhi, under the chairpersonship of Smt. State Ministers' Conference on Issues of ICDS and Malnutrition

Annual Programme Implementation Plan (APIP)

3.36 In view of strengthening the annual planning process in ICDS as well as to set the ground for the ICDS in mission mode in 12th Plan, the Ministry introduced development of Annual Programme Implementation Plan (APIP) in ICDS to be implemented by each State/UT from 2011-12. Detailed guidelines on APIP framework prepared by the Ministry and shared with each of the States/UTs is available in the Ministry's website. During 2011-12, first APIPs were received from 17 States/UTs, viz., Andhra Pradesh, Jharkhand, Tamil Nadu,

Madhya Pradesh, Rajasthan, West Bengal, Karnataka, Gujarat, Uttar Pradesh, Punjab, Uttarakhand, Goa, Orissa, Himachal Pradesh, Assam, Chhattisgarh and A & N Islands. The idea of APIP is to strengthen, plan and enable improved programme management and better service delivery at the grass roots level. This would help in capturing the diversity across the States and facilitate the States to develop state specific strategies/interventions. As per Ministry's targets under the Results Framework Document (RFD), the Ministry has finalised APIPs for 10 States. The suggestions (*See Box*) have been assimilated in the strengthening and restructuring of ICDS.

State specific good practices/initiatives in ICDS

3.37 Several States have adopted innovative approaches in implementation of ICDS that have resulted in better service delivery and results. While some of such initiatives have been funded by the Development Partners, many of them were undertaken by the States themselves either using the existing ICDS budget or using State's own funds. A compilation of such practices/approaches, based on the various reviews with the States, APIPs 2011-12 and field visits at **Annexure-XIX**.

Strengthening and restructuring of ICDS

3.38 Restructuring and strengthening of ICDS is a long felt need and has been acknowledged in the XI Five Year Plan and Mid Term Appraisal (MTA) of the XI Plan. It has been acknowledged that there exist structural, programmatic and operational gaps in ICDS

limiting its effectiveness. The recent Evaluation of ICDS indicates that ICDS has the potential of contributing to a reduction in mortality, improved child nutrition status (increased weight for age in children) and a favorable impact on reducing malnourishment. Coverage could be enhanced by strengthening the quality of spending, infrastructure and human resources in ICDS and, most important, a pre-condition for success of the ICDS Programme is the adequacy of the AWCs.

3.39 To address these challenges, a proposal to strengthen and restructure the ICDS inter-alia with:

- (a) special focus on pregnant and lactating mothers and children under 3 years,
- (b) forging strong institutional convergence with National Rural Health Mission and Total Sanitation Campaign, particularly, at the district and village levels
- (c) models providing flexibility at local levels for community participation

- (d) strengthening package of service and Early Childhood Care and Education (ECCE)
- (e) improving Supplementary Nutrition Programme including cost indexation
- (f) care and nutrition counselling services
- (g) adequate care of severely underweight children
- (h) allocating adequate financial resource
- (i) suggesting pilots for improved service delivery including setting up of AWC-cum Crèches in 5% of AWCs and to put ICDS in a mission mode etc.

Regional Consultations on ICDS Strengthening and Restructuring and ECCE

3.40 The Ministry organized four Regional Consultations to deliberate on issues pertaining to ICDS Strengthening and Restructuring and Early Childhood Care and Education (ECCE). These were held on 1st February, 7th February, 11th February and 15th February 2011 at Guwahati for North-East/ East region,

Bangalore for Southern region, Lucknow for West and Central region and at Delhi for Eastern region, respectively. The consultations were attended by officers and functionaries of ICDS, Health and other related departments from the State Governments, experts from the field of nutrition, development partners and NGOs. The discussions helped in making recommendations which have been extremely useful in developing the proposal for ICDS Strengthening and Restructuring and preparation of a framework for Multi-Sectoral Programme for addressing Maternal and Child under-nutrition.

3.41 Besides, the focus of the consultations was also to share the vision for the future direction of National Policy Framework for Early Childhood Education and Care and to brainstorm and deliberate on the key issues and challenges of the early childhood care and education sector as a whole. The discussions and recommendations have provided the Ministry with extremely valuable feedback and have paved the way for the beginning of the development of the National Policy Framework for ECCE. The participants made some key recommendations, many of which will have long-term implications for its implementation.

Regional Consultation on National Policy for ECCE and restructuring of ICDS Scheme

National Policy on Early Childhood Care and Education (ECCE)

3.42 A core committee of experts in Early Childhood Care and Education(ECCE) has been formed to formulate a national policy and curriculum framework on ECCE. After holding regional consultations and in depth discussions with other stakeholders, the committee has evolved a draft national policy on ECCE, national curriculum Framework and Quality Standards for ECCE. This would be formalized through the ECCD Council, which would be set up shortly. The National ECCE Policy Framework provides an integrated overarching framework and operational guidelines which provide the basis and a general direction to further draw out action plans and strategies for implementing inclusive and quality ECCE programmes ensuring access to all. The strengthened and restructured ICDS would reposition the AWC as the Early Childhood Development Centre, with the orientation of an enabling environment for promotion of early childhood development with focus on delivering quality ECCE. A separate and appropriate framework of action would be brought about in this regard.

World Bank assisted “ICDS Systems Strengthening & Nutrition Improvement Project (ISSNIP)” (formerly called ICDS-IV Project)

3.43 The Ministry has formulated a specific project on ICDS called, ‘‘ICDS Systems Strengthening and Nutrition Improvement Project’’ (originally called as ‘ICDS-IV’ Project) for negotiation with the World Bank to seek financial assistance from the International Development Association (IDA). The Department of Economic Affairs has earmarked an amount of US\$450 million of IDA assistance to the proposed project. The project is proposed to be implemented in 162 districts having higher proportion of child under-nutrition across 8 States (Bihar, Chhattisgarh, Jharkhand, Madhya Pradesh,

Maharashtra, Rajasthan, Uttar Pradesh and Andhra Pradesh). The project has been designed to strengthen the ICDS systems for effective programme implementation in selected States/districts through techno-managerial support and decentralized district based ICDS planning. It has been positioned as a separate but integral intervention in the overall ICDS strengthening and restructuring proposal of the Ministry. The project will undertake operations research and conduct pilots of potentially more effective approaches for ICDS to achieve programme outcomes. The Ministry is in the process of expediting the approval of the project by the competent authority.

GOI-UNICEF Programme of Cooperation 2008-12

3.44 The partnership between UNICEF and the Government of India (GoI) spans over more than 60 years. A succession of Country Programmes (CPs) has been implemented in conformity with the Basic Agreement. Currently, the Govt. of India collaborates with UNICEF based on an agreed five year Country Programme Action Plan (CPAP) during 2008-12. The overall goal of the CPAP is to advance the fulfilment of the rights of all children and women in India to survival, development, participation and protection by reducing social inequalities based on gender, caste, ethnicity or region. The CPAP 2008-12 ends on 31st December, 2012.

3.45 Current size of the GoI-UNICEF Programmes is US\$ 513 million. The programme supports line Ministries/Departments in GoI (MWCD, MHFW, MHRD, Drinking Water & Sanitation, Statistics & Programme Implementation, RGI, NCPCR, NACO, NDMA – Ministry of Home Affairs) as well as 15 States¹ in the following sectoral areas:

- a) Reproductive and Child Health
- b) HIV/AIDS
- c) Polio
- d) Child Environment (Water, Sanitation and Hygiene)

¹Andhra Pradesh, Assam, Bihar, Chhattisgarh, Jharkhand, Karnataka, Kerala, Maharashtra, Madhya Pradesh, Gujarat, Orissa, Rajasthan, Uttar Pradesh West Bengal and Tamil Nadu

- e) Child Development & Nutrition
- f) Child Protection
- g) Education
- h) Disaster Risk Reduction
- i) Advocacy and Communication
- j) Communication for Development (C4D)
- k) Policy, Planning and Evaluation

3.46 The process of formulating the next GoI-UNICEF Programme of Cooperation 2013-2017 has been initiated by UNICEF, jointly with MWCD. The next Country Programme Action Plan (CPAP) for 2013-17 would be prepared after the approval of the CPD by the Executive Board of UNICEF.

Development Partners

3.47 Several international agencies/development partners including UNICEF provide technical and other support to ICDS programme both at the central and State level. Some of them are given below:

- UNICEF: Provide technical and material support to ICDS at the central and State levels under the GOI-Country Programme Action Plan (2008-12).
- USAID and CARE India: CARE India has implemented USAID supported Integrated Nutrition & Health Project (INHP) across eight States. The program ended on 31st December 2010. Also, supporting GOI in capacity building, MIS and health awareness among people.

Twelfth Plan Working Group Report on Child Rights

3.48 The Planning Commission set up a Working Group on Child Rights for the Twelfth Five Year Plan under the Chairpersonship of Secretary, Ministry of Women and Child Development and Joint Secretary, Child Development as the Member Convener. The Working Group has senior government officials, representatives of the concerned sector, eminent experts from national institutes in the field of child rights and development and reputed NGOs from the sector, as Members.

3.49 The first meeting of the Working Group was held under the Chairpersonship of Shri D.K Sikri, Secretary, Ministry of Women and Child Development on 23rd June, 2011. During this meeting five Sub - Groups were constituted. Each of these Sub-Groups was assigned the following thematic area and was given the mandate for preparing related sub-group reports:

- Sub Group I Child Survival and Development, ICDS
- Sub Group II Early Childhood Care and Education
- Sub Group III Child Rights and Protection
- Sub Group IV The Girl Child
- Sub Group V Adolescents

3.50 The final Meeting of the Working Group took place on 19th October, 2011. Thereafter, the Working Group Report was prepared by a drafting committee headed by Joint Secretary, Child Development. The report synthesised the discussions of the Sub-Group reports as well as deliberations of the Working Group meetings and harmonized with the emerging perspectives on related dimensions or facets. The Report provides key prioritise/specific recommendations and financial requirement for each of the areas. A set of overarching recommendations has also been identified. These recommendations were presented by the Convener to the Steering Group at a meeting held in Planning Commission on 1st December, 2011. Working Group Reports are available in the websites of Ministry of Women and Child Development and the Planning Commission.

Child Protection and Welfare

Towards a New Dawn

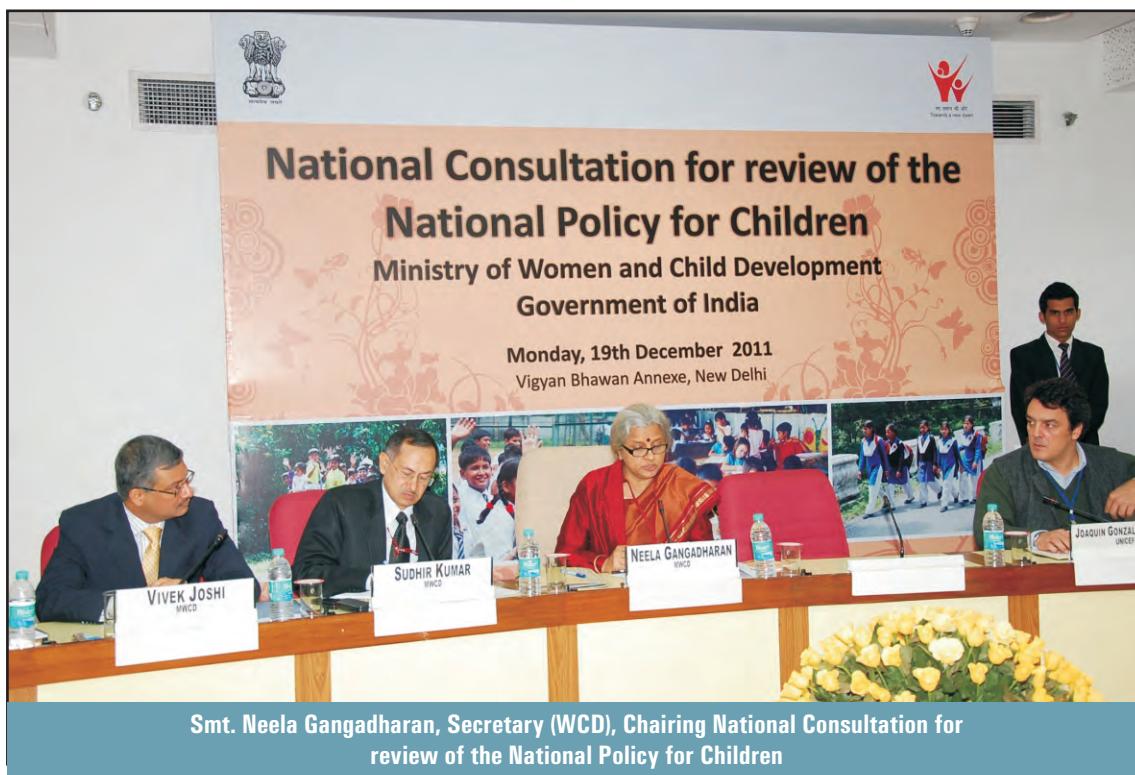

Child Protection and Welfare

4.1 One third of country's population is below 18 years. The strength of the nation lies in having healthy, protected, educated and well-developed children who may grow up to be productive citizens of the country. It is estimated that around 40 per cent of India's children are vulnerable or experiencing difficult circumstances characterized by their specific social, economic and geo-political situations. All these children need special attention.

I. LAWS AND POLICY FOR CARE AND PROTECTION OF CHILDREN

4.2 The National Policy for Children, adopted on 22nd August, 1974 has been under

review in order to better address emerging challenges related to the rights of children and an Advisory and Drafting Committee had been formed for the purpose. It was decided by the Ministry to hold Regional Consultations across the country in order to collate comments, views, suggestions and inputs from all stakeholders on the contents of a new policy for children. Participants of the consultations include concerned Ministries and Departments from States/UTs, Civil society organizations, independent experts, government/non-government organizations and academicians. A draft working paper has been prepared and shared with all participants for their comments and views. Five Regional Consultations have been held between September 2010 and January 2011. The National Consultation was held

on 19th December, 2011 to discuss draft working paper on Policy of Children.

National Commission for Protection of the Child Rights

4.3 The National Commission for Protection of Child Rights (NCPCR), a statutory body, was set up in March 2007 under the **Commissions for Protection of Child Rights Act, 2005**, an Act of Parliament. The Commission's mandate is to ensure that all Laws, Policies, Programmes, and administrative mechanisms are in consonance with the Child Rights perspective as enshrined in the Constitution of India and also the UN Convention on the Rights of the Child. NCPCR has been given responsibility to monitor the child's Right to Education under Section 31 of the Right of Children to Free and Compulsory Education Act 2009. The Bal Bandhu Scheme is being implemented by the National Commission for Protection of Child Rights for protection of children in the areas of civil unrest. (More details on NCPCR are given in

chapter on 'National Commission for Protection of the Child Rights').

The Juvenile Justice (Care & Protection of Children) Act [JJ Act]

4.4 The Juvenile Justice (Care & Protection of Children) Act, enacted in 2000, is the primary law in the country relating to welfare of juveniles in conflict with law as well as children in need of care and protection and defines the 'child' as a person below eighteen years of age. The Act provides for proper care, protection and treatment for such children by catering to their development needs and by adopting a child friendly approach in dealing with matters in the best interest of children. The Act lays emphasis on rehabilitation and reintegration of such children into the society through various processes. For this, the Act provides for several alternatives such as adoption, sponsorship, foster care and institutional care.

4.5 The JJ Act was amended, in 2006, to make it more effective by providing time-lines for setting up of Juvenile Justice Boards and Child Welfare Committees and compulsory registration of Child

Smt. Krishna Tirath MOS (I/C), WCD with Child Bravery Awardees

Care Institutions, etc. The scope of the Act was also widened to include working children, children living on the streets, those found begging, etc. The Act has been further amended in the year 2011 to remove discriminatory references to children affected by disease such as leprosy, tuberculosis, hepatitis-B, etc and notification in this regard has also been issued on 8th September, 2011.

4.6 In keeping with the JJ Act, the State Governments are required to set up and maintain—either by themselves or in association with NGOs – Homes, shelters and other services like adoption, foster care etc. for various types for children in every district or group of districts, for their care, education, training, development and rehabilitation.

The Protection of Children from Sexual Offences Bill, 2011

4.7 The Protection of Children from Sexual Offences Bill, 2011 was introduced in Rajya Sabha on 23rd March, 2011. The main aim of the Bill is to address sexual abuse and exploitation of children, including child pornography. It provides for establishment of special courts for trial of such offences. The Bill defines offences, namely, penetrative sexual assault, aggravated penetrative sexual assault, sexual assault, aggravated sexual assault, sexual harassment and use of child for pornography. The Bill provides for stringent punishment to offenders. For speedy trial, the State Governments have been mandated to designate a Session Court in each district, to be a Special Court to try offences under the Bill. The other provisions of the Bill include child friendly court procedure, punishment for not reporting the offence to police or appropriate authority, and punishment for abetment and for making false complaint or false information.

4.8 Taking into account the Report of the Department related Parliamentary Standing Committee on Human Resource Development on the proposed Bill, it has been revised and will be placed again in the Budget Session of Parliament

II. SCHEMES FOR PROTECTION OF CHILDREN

(1) Integrated Child Protection Scheme (ICPS)

4.9 The implementation of the JJ Act faced several teething problems and the pace of implementation was affected by lack of focus on child protection in the States/UTs, absence of dedicated structures for implementation of the Act, and shortage of financial resources. Intervention of the Central Government, in terms of allocation of resources, was also negligible. As a consequence, the structures envisaged under the Act could not be established in the required numbers and standards of care were not of desired quality.

4.10 To encourage quicker establishment of structures and procedures under the Act, the Ministry of Women & Child Development introduced, in 2009-10, a comprehensive scheme, namely, the Integrated Child Protection Scheme (ICPS) under which financial and technical support is provided to the State Governments/ UT Administrations. ICPS brings several existing child protection programmes, under one umbrella, with improved norms. These include, (i) A Programme for Juvenile Justice; (ii) An Integrated Programme for Street Children; and (iii) Scheme for Assistance to Homes [Shishu Greh] to promote In-country Adoption. A number of new initiatives have also been incorporated, such as dedicated service delivery structures at State and district levels, child tracking system, sponsorship, foster care etc.

4.11 **Objectives:** The objectives of the scheme are to contribute to the improvement in the well being of children in difficult circumstances, as well as the reduction of vulnerabilities to situations and actions that lead to abuse, neglect, exploitation, abandonment and separation of children from their families. These are achieved by; i) improved access to and quality of child protection services; (ii) increased public awareness about the reality of child rights, situation and protection in India; (iii) clearly articulated responsibilities and enforced accountability of these responsibilities for child protection (iv) established and functioning structures at all government levels for delivery of

statutory and support services to children in difficult circumstances; (v) evidence based monitoring and evaluation system.

4.12 Target Group: ICPS focuses its activities on -

- Children in Need of Care and Protection as listed in the Juvenile Justice (Care and Protection Act) 2000
- Children in conflict with law; who have or are alleged to have committed an offence
- Children in contact with law; who have come into contact with the law as a victim, witness or under any other circumstance
- Any other vulnerable child (including but not limited to) - children of migrant families, children living on the streets, child beggars, exploited/ trafficked/ drug-affected children, children of prisoners, children of women in prostitution and children affected/ infected with HIV/AIDS

4.13 Major Components: The services that are strengthened/introduced and provided finances for, under ICPS are:

- a. Institutional Services: Shelter Homes; Children's Homes; Observation Homes; Special Homes; and Specialized services for children with special needs
- b. Service delivery structures for the above services at Central, State and District levels
- c. Emergency outreach services for children in difficult circumstances through Childline
- d. Open shelters for children in need in urban and semi-urban areas
- e. Family based non-institutional care through: Sponsorship; Foster Care; Adoption; and After Care Programme
- f. Child Tracking System including a

website for missing children

- g. Advocacy, public education and communication
- h. Training and capacity building
- i. General grant-in-aid for need based/ innovative interventions

4.14 Cost Sharing Ratio: The Scheme is being implemented through the State Governments / Union Territory Administrations and the expenditure sharing ratio between the Centre and the States/NGOs is as below:

- a. 90:10 for all the scheme components for the States of the North East and Jammu & Kashmir
- b. 90:10 for all the scheme components with NGO participation
- c. 100% funding by the Centre to the Childline services
- d. 100% funding by the Centre to NIPCCD and its Regional Centres, Central Adoption Resource Agency, Central Project Support Unit, and State Project Support Units
- e. 35:65 for the States other than the North East and Jammu & Kashmir, for the statutory bodies provided under the Juvenile Justice Act, i.e., Juvenile Justice Boards and Child Welfare Committees
- f. 75:25 for other structural components in the States other than the North East and Jammu & Kashmir.

Status of Implementation :

4.15 States Brought On Board: ICPS is implemented mainly through the State Governments/UT Administrations and signing of a Memorandum of Understanding (MoU) between the Government of India and the respective State Governments/UTs is a prerequisite for implementation of the scheme. All States/UTs except Jammu & Kashmir have signed the MOU with MWCD for implementation of the scheme.

4.16 The introduction of ICPS has been a catalyst in generating interest, both in the Government sector as well as the voluntary sector.

Status of Integrated Child Protection Scheme [ICPS]

Year	No. of States that have signed MOUs	Budget Allocation (₹ in Cr.)	Amount sanctioned (₹ in Cr.)	Number of Beneficiaries
2009-10	17	BE – 60.00 RE – 50.00	42.63	36,780
2010-11	34	BE – 300.00 RE - 100.00	115.13	92,379
2011-12 (up to 30.01.2012)	34	BE – 270.00 RE – 180.00	148.62	35,215

States/UTs are now endeavouring to build a perspective, which was not done so far, on the requirement of child protection services in coordination with the civil society, and in convergence with other departments like Education, Labour and Health.

4.17 Statutory & Service Delivery Structures: Considerable progress has been made under ICPS in establishing statutory bodies. 548 Child Welfare Committees (240 before introduction of the Scheme) and 561 Juvenile Justice Boards (211 before introduction of ICPS) have so far been established all over the country. To ensure that proper focus is maintained on child protection, and quality of services is up to the mark, the Scheme envisages creating a service delivery network, exclusively for child protection, which has been provided for setting up and maintenance of 23 State Child Protection Societies, 20 State Project Support Units, 18 State Adoption Resource Agencies and 438 District Child Protection Units, employing a total of about 4500 staff dedicated to protection of children. This figure is likely to double once the staff is in position all over the country.

4.18 Rehabilitation & Reintegration Services: In 2011-12 (upto 30.01.2012), 125 Specialized Adoption Agencies (SAAs) and 638 Homes of various types have been funded. These provide comprehensive rehabilitation services to children including food, clothing, day and night shelter, education, medical facilities, etc. to 29,518 children. For

improving the quality of infrastructure in the Homes, assistance has been provided this year for upgradation of 25 Homes. Grants for construction of 13 new Homes have been released for uncovered areas. Further, 65 open shelters have also been funded under ICPS which provide, inter alia, bridge education, vocational training, food, etc. to children living on the streets.

4.19 Utilisation of Budget: In the current financial year, upto 30.01.2012, proposals of 23 States/UTs and Childline India Foundation have been considered by the inter-ministerial Project Approval Board (PAB), set up for appraisal and approval of the financial proposals received under the Scheme. In 2011-12, ₹ 148.62 crores have been sanctioned upto 30.01.2012 and released under the Scheme as against the previous year's expenditure of ₹ 115.13 crores. State-wise details of expenditure are at **Annexure-XX & XXI**. The budget allocation of ₹ 270.00 crores for the current year was reduced to ₹ 180.00 crores at RE stage, looking at the trend of expenditure (which is picking up now) as the State Governments were taking time for the due diligence required for assessing their needs and planning commensurate services, resulting in a time lag of 6-8 months between signing of MoU and submission of financial proposals.

4.20 Sensitisation of State Functionaries: As ICPS is a new scheme with several components, hand-holding of the State Government functionaries will be required to ensure its implementation in letter and spirit. In addition to States/UTs, subject specific meetings were held

during the year with all State Governments/UT Administrations to review the implementation of ICPS by sensitizing them, besides providing solutions to issues, sharing experiences and best practices.

4.21 To help the States properly implement the new initiatives introduced under ICPS for non-institutional care of children, guidelines for Sponsorship of children to enable their de-institutionalization and reintegration with their biological families were finalized in the year after a pilot project conducted in 2 States, namely, Orissa and Gujarat. Similarly, provisional guidelines for foster care of orphan children by kith and kin are also under testing in 3 States.

4.22 Guidelines for provision of after care services to children leaving institutional care, who are without family support, have also been formulated in 2011-12.

4.23 To assist the States/UTs in developing the plans for implementation of ICPS, proforma for District Needs Assessment have been developed and shared with them. Similarly for helping them develop and submit their financial proposals online, system of online submission of monitoring data has also been developed and training for States/UTs staff will be done in the current year.

Childline Services

4.24 Childline is a 24-hour toll free emergency outreach telephone service (1098) for children in distress, being run by the Ministry through a mother NGO - Childline India Foundation (CIF). Any child requiring assistance, or adults on their behalf, can call the service for help. Childline personnel reach out to the child and provide necessary assistance through linkages with hospitals, Child Welfare Committees, Shelter Homes, police etc. This service was started in 1996 with one location, i.e., Mumbai, and by 2007-08, the number had risen gradually to 83 locations.

4.25 Under ICPS, the Ministry has undertaken expansion of the service to other parts of the country, with the final objective of covering all the districts in the XII five year Plan period. In the current year Rs. 23.16 crores have been sanctioned to CIF for running the service. The Ministry has approved partner organisations for 139 new locations. Childlines have started functioning in 68 new locations this year and with this, the service is now available in 193 cities indicated at **Annexure-XXII**. CIF is partnering with 447 organizations for running these Childline projects in 28 States and 4 UTs. The service is likely to start in 18 more cities/districts this year, bringing the total to 211.

4.26 Childline has received 13.15 lakh calls this year so far. A majority of these have been for shelter, medical assistance, protection from abuse, emotional support and guidance, information regarding referral services and missing children.

Status of Childline Services

Year	No. of Cities/ districts covered	No. of partner organisations	Grants sanctioned (₹ in Crores)
2009-10	83	188	9.33
2010-11	125	298	17.89
2011-12	193	447	23.16
(as on 30th January, 2012)			

(2) Scheme for Welfare of Working Children in Need of Care and Protection

4.27 The **objective** of the scheme is to provide opportunities for non formal education and vocational training to working children to facilitate their entry/re-entry into mainstream

education in cases where they have either not attended any learning system or where, for some reasons, their education has been discontinued. The Scheme lends support to projects only in urban areas and does not support projects in areas covered by the existing schemes of the Ministry of Labour & Employment.

4.28 Target Group: The Scheme provides support for the holistic development of child workers and potential child workers especially those with none or ineffective family support, such as children of slum/pavement dwellers/drug addicts, children living on railway platforms/along railway lines, children working in shops, dhabas, mechanic shops, children engaged as domestic workers, children whose parents are in jail, children of migrant/sex workers, leprosy patients, etc.

4.29 The programme **components** are:

- a) Facilitating introduction and/or return to the mainstream education system as children at study are not children at work

- b) Counseling of parents, heads of families, relatives of the children so as to prevent their exploitation, and
- c) Vocational training wherever necessary.

4.30 The Scheme is operated through the voluntary sector and Non Governmental Organizations are eligible for financial assistance to set up composite centers under this scheme. The Ministry provides 90 per cent financial assistance and the concerned organization is required to bear 10 per cent of the expenditure on the project as per the norms of the scheme. The budget allocation for the current financial year under this scheme is ₹ 10.00 crore and ₹ 6.20 crores have been sanctioned for 91 projects, benefiting 9,100 children. Grant-in-aid released under the Scheme during 2010-11 and 2011-12 are at **Annexure -XXIII & XXIV**.

Status - Scheme for Welfare of Working Children in Need of Care and Protection

	2010-11	2011-12 (as on 30th January, 2012)
Budget Allocation	₹ 12.50 Crores	₹ 10.00 Crores
No. of Projects supported	109	91
No. of Beneficiaries	10,900	9,100
Total amount sanctioned	₹10.19 Crores	₹ 6.20 Crores

4.31 An evaluation of the scheme was conducted by NIPCCD during the year 2009-10. The Scheme was largely found to be achieving desired results of mainstreaming the beneficiary children. However, subsequent to the evaluation, a Committee was set up in the Ministry to suggest changes in the scheme, based on the outcomes on the evaluation. The Committee has recommended that as the Open Shelter component of the Ministry's newly introduced scheme, Integrated Child Protection Scheme provides similar services under its Open Shelter component, albeit with better norms and procedures, the projects under the Scheme for Welfare of Working Children be covered under ICPS and this scheme be phased out. No new projects are, therefore, being considered under the Scheme.

(3) Rajiv Gandhi National Creche Scheme for the Children of Working Mothers

4.32 Rajiv Gandhi National Creche Scheme for the Children of Working Mothers provides

Day Care facilities to the Children in the age group 0-6 years from families with monthly income of less than ₹ 12,000/- . In addition to being a safe place for the children, the crèches provide services such as supplementary nutrition, pre-school education and emergency health care, etc.

4.33 The scheme envisages implementation through the Central Social Welfare Board (CSWB), Indian Council for Child Welfare (ICCW) and Bhartiya Adim Jati Sevak Sangh (BAJSS). In view of the complaints regarding irregularities in management of crèches by BAJSS, 5,522 creches were temporarily transferred to CSWB with effect from 18th November, 2008. The irregularities have been enquired into by CVO of the Ministry and the report has been sent to Central Vigilance Commission for advice. Further, the CCA has been asked to conduct an internal audit of the accounts and transactions of BAJSS. The report is awaited.

4.34 Financial Norms : The scheme provides grant of ₹ 3,532 per month for a crèche, limited to 90% of the schematic pattern or actual expenditure whichever is less and the remaining expenditure is

borne by the implementing agencies. Honorarium to creche workers is fully funded

under the scheme. The details for grant admissible are as under:-

Recurring grant (in ₹)

Components	Ceiling of expenditure	Grant
Honorarium to two creche workers per creche @ ₹ 1000.00 per creche	2,000.00 per month	2,000.00 (100%)
Supplementary nutrition per crèche for 25 children for 26 days @ 2.08 per child	1,352.00 per month	1,217.00 (90%)
Emergency medicines and contingencies per creche	350.00 per month	315.00 (90%)

Non-recurring grant (in ₹)

Components	Ceiling of expenditure	Grant

Replacement of old consumable stores at an interval of five years @ ₹ 5,000.00 per creche.	5,000.00 per creche	3,000.00 per creche

4.35 Monitoring of Creches : The Scheme has in-built component of monitoring of creches. State-wise independent monitoring agencies have been identified which include schools of Social Work, Women's Studies Centres and other reputed agencies. Grant for monitoring of Creches is given @ ₹ 700.00 per crèche visited and inspected and a lump sum one time grant of ₹ 10,000.00 to each monitoring agency. Every crèche is required to be inspected at least once in a period of two years.

4.36 The number of functional creches as reported by the implementing agencies is as under:-

Sl.No.	Name of agency	Number of creches
1.	CSWB	16,075
2.	BAJSS (Temporarily transferred to CSWB)	2,519
3.	ICCW	5,191
	Total	23,785

State-wise details for creches sanctioned, and functional are at **Annexure-XXV & XXVI**.

4.37 Details of funds allocated and sanctioned is as under :

Year	Allocation	Sanctioned	No. of beneficiaries
	(₹ in crores)		
2010-11	70.00	69.36	5,64,975
2011-12	85.00	49.15*	5,94,625

* upto second quarter.

4.38 Recent initiatives : For better implementation of the scheme and ensuring delivery of quality services, Ministry has reviewed the procedures being followed for selection of locations/NGOs/ Creche Workers, release of funds and monitoring. Accordingly, Standard Operating Procedure (SOP) has been prepared for CSWB which includes enhanced role for the State

Government and District Administration in management of Crèches. SOP have been developed which incorporate greater role of State Governments in the implementation of the scheme. This includes involvement in establishing credibility of NGOs, review of pre-funding appraisal report and monitoring at District level by a monitoring committee headed by District Magistrate and by local committees with Patwari, Govt. School Teacher/Village level worker representatives of Village Panchayat. The State Governments have been asked to inspect crèches to assess quality of services.

4.39 A Committee had been set up by the Ministry to suggest changes in the scheme for improving its coverage and quality. The Committee has suggested enhanced financial norms, stringent monitoring, and recommended fulfillment of certain pre-conditions before setting up of the crèches. To find the performance of the creches with enhanced financial norms as recommended by

the Committee, the proposal to set up 5 model Crèches in Delhi has been initiated.

III. GIRL CHILD

4.40 Girl Child continues to be the most vulnerable member of civil society in India. The 2011 Census shows that there has been an improvement in social indicators such as literacy and the gender gap in effective literacy rate and that the overall sex ratio has improved from 933 to 940. However, at an age-group wise disaggregated level, the status of the girl child continues to be a matter of concern in the country. The Census 2011 has shown a decline in the ratio of girls per thousand boys in the 0 to 6 age group, i.e in the Child Sex Ratio as compared to the previous Census. Child Sex Ratio has declined from 927 in Census 2001 to 914 in Census 2011. Decline in Child Sex Ratio has now spread to as many as 22 States and 5 Union Territories. The National Family Health Survey-3 data on under nutrition in children below 5 years had already flagged that 43% of girls are undernourished.

4.41 Measures taken to check the declining sex ratio include discouraging use of sex selection techniques as well as encouraging and rewarding the girl child. While the Pre-Natal Diagnostic Techniques (Prohibition of Sex-Section) Act, 1994 is being administered by the Ministry of Health and Family Welfare, the Ministry of Women and Child Development has taken a number of initiatives to enhance the status of girl child.

National Girl Child Day

4.42 January 24th has been declared as National Girl Child Day, since 2009. To mark the occasion, the Ministry of Women and Child Development organised deliberations on the theme 'Declining Child Sex Ratio: Issues and Challenges' on 24th January, 2012. The function was presided over by MOS (I/C) Smt. Krishna Tirath. It was observed that sharp falls have been reported in child sex ratios in many States reflecting a national trend that cuts across class and the rural –urban divide and, for meeting the challenge, the importance of three 'A's, i.e. Advocacy, Awareness and Affirmative action were underlined.

4.43 There was sharing of experiences on the issue of "Declining Child Sex Ratio" with participation from Government as well as the NGO sector. The participants expressed the concerns, challenges and the way forward to address the issue. There was a panel discussion with participants from International, National and State level, belonging to multi-sectoral disciplines. Since in the life-cycle approach, nutrition is critical for children and especially for the girl child, a 'Nutrition Calendar' of Food and Nutrition Board of Ministry of Women and Child Development (MWCD) was released on the occasion. The event was well attended and well received by Development Partners and representatives from NGOs and related Government Departments.

Sectoral Innovation Council on Child Sex Ratio

4.44 The Ministry of Women and Child Development has set up a Sectoral Innovation Council on Child Sex Ratio to look at the entire gamut of issues connected with the declining

child sex ratio with the purpose of identifying interventions which have worked and those which did not and also to suggest innovative strategies, approaches and methods of intervention to address the decline in Child Sex Ratio in a time bound and effective manner. The Council held its first meeting on 31.1.2012.

Dhanlakshmi-Conditional Cash Transfer for Girl Child

4.45 A pilot Scheme Dhanlakshmi was launched on 3rd March, 2008 with the objective of:

- Providing a set of staggered financial incentives for families to encourage them to retain the girl child and educate her.
- Changing the attitudinal mindset of the family towards the girl, by looking upon the girl as an asset rather than a liability since her very existence has led to cash inflow to the family.

Cash transfers are made under the Scheme to the family of the girl child (preferably the mother) on fulfilling the following conditions:

- Birth registration of the girl child
- Progress of immunization
- Full immunization
- Enrolment to school and retention in school.

"Dhanlakshmi" is being implemented in 11 Blocks across seven States on pilot basis and is being implemented by the State Governments through the District Authorities. While in the year 2010-11 ₹ 1.83 crore were released for 16,739 beneficiaries, no releases were made during 2011-12. A statement on amount released under the Scheme during 2009-10 and 2010-11 is at **Annexure-XXVII**.

Child Marriage

4.46 Child marriage is a violation of child rights. According to National Family Health Survey-3, it was estimated that around 47% of married women in the age group of 20-24 years were married before attaining the age of 18 years. In particular, child marriage has serious health repercussion on girls, such as frequent pregnancies, miscarriages and early motherhood.

4.47 The Prohibition of Child Marriage Act, 2006 (PCMA) was enacted repealing the Child

Marriage Restraint Act of 1929, and the Act came into force on 1st November, 2007. PCMA 2006 makes child marriage an offence and prescribes punishment for those conducting /abetting /promoting/ permitting/solemnizing child marriage. It provides powers to the State Governments to appoint Child Marriage Prohibition Officers (CMPO) and makes child marriages voidable at the discretion of the child concerned on attaining legally marriageable age.

4.48 Ministry of Women and Child Development has also developed a Handbook on PCMA 2006 in collaboration with UNICEF and HAQ-Centre for Child's Right. The Ministry had requested the State Governments and UT Administrations to frame rules under the Act and appoint Child Marriage Prohibition Officers. So far 28 States and UTs have framed rules under the PCMA, and another set of 28 States have appointed CMPOs, details of which are at **Annexures-XXVIII & XXIX**. However, on ground, implementation of PCMA, 2006 has not been as effective as was expected.

Core Group on holding a National Consultation on Child Marriage

4.49 It is felt that there is a need for developing a national strategy for prevention of child marriages in the country and to provide a common platform for understanding the issue. This also implies focusing on advocacy and awareness generation campaigns involving all sections of society involving leadership, at all tiers. In order to provide inputs for strengthening the implementation of PCMA 2006 and to deliberate upon the modalities of holding a national consultation on the issue, the Ministry has set up a Core-group under the chairpersonship of Secretary, Ministry of Women and Child Development, involving different stake holder Ministries, NGOs, academic and research bodies, media and other experts. One meeting of the Core Group was held on 13th January, 2012.

IV. NATIONAL AWARDS

National Child Award for Exceptional Achievement

4.50 The National Child Award for Exceptional Achievement was instituted in

Meeting of 'Working Group on Child Rights for the 12th Five Year Plan'

V. CHILD BUDGETING

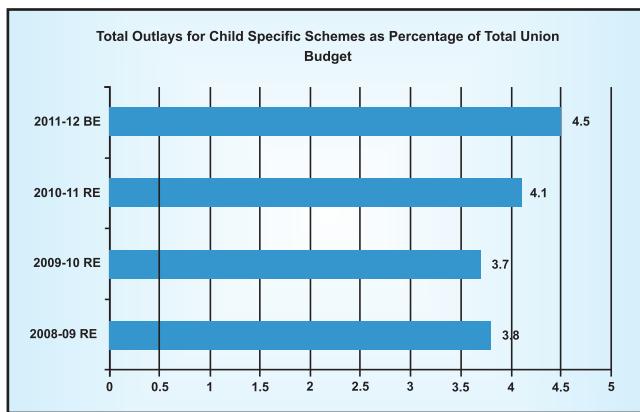

4.56 Public expenditure meant for the development of the general population can be expected to have some benefits for children as well. However, since children comprise one of the largest disadvantaged sections of Indian society, there is a strong case for identifying the proportion of public expenditure meant for addressing the needs of children in particular. This requires the segregation of schemes meant specifically for addressing the needs of children, from other development schemes.

The total magnitude of budget outlays on child specific schemes is referred to as the 'Child Budget.' Thus, the 'Child Budget' is not a separate budget but a part of the total government budget.

4.57 A Statement on 'Child Budgeting' was introduced in the Union Budget for 2008-09 (i.e. Budget Provisions for Schemes for the Welfare of Children, Statement 22, Expenditure Budget Vol. I, Union Budget 2008-09). This statement has been carried over in subsequent Union Budgets (i.e. in 2009-10, 2010-11 and 2011-12), and captures all child-specific schemes in the Union Budget. In

2008-09, when the 'Child Budgeting' statement was introduced in the Union Budget, the "Demands for Grants" with child-specific schemes included those of the Ministries of Women and Child Development, Human Resource Development, Health and Family Welfare, Labour and Employment, Social Justice and Empowerment, Tribal Affairs, Minority Affairs, and Youth Affairs and Sports. The 'Child Budgeting' statement now covers 19 "Demands for Grants" (including Union Ministries of Atomic Energy, Nuclear Power, Industrial Policy and Promotion, Posts, Telecommunication, and Information and Broadcasting among others), marking a significant increase from an initial eight

"Demands for Grants" in 2008-09. The following diagram shows total outlays for child specific schemes as percentage of total Union Budget:

Gender Budgeting

Towards a New Dawn

Gender Budgeting

5.1 The way Government budgets allocate resources has the potential to transform gender inequalities. Looking to the huge potential of Government budgets to make positive changes in gender dimensions of society, in recent years, Gender Budgeting, as a tool, has been propagated at national and international levels. Gender Budgeting is a process that entails maintaining a gender perspective at various stages like programme/ policy formulation, assessment of needs of target groups, review of existing policies and guidelines, allocation of resources, implementation of programmes, impact assessment, reprioritization of resources, etc. A gender responsive budget is the culmination of this process.

Box:1

Gender and Sex

Gender is culturally and socially constructed roles, responsibilities, privileges, relations and expectations of women and men, boys and girls and changes with time and from place to place.

Sex refers to biological differences between the male and female of the species. It remains unchanged.

5.2 Gender Budgeting (GB) involves dissection of the Government budget to establish its gender-differential impacts and to translate gender commitments into budgetary commitments. It does not seek to create a separate budget but to provide affirmative action to address the specific needs of women. GB goes beyond allocation of resources for women, to cover tracking the utilization of allocated resources, impact analysis and

beneficiary incidence analysis of public expenditure and policy from a gender perspective.

- 5.2 Critical activities constituting the gender budgeting exercise thus include :
- a) Addressing gap between policy commitment and allocation for women through adequate resource allocation and gender sensitive programme formulation and implementation.
 - b) Mainstreaming gender concerns in public expenditure and policy.
 - c) Gender audit of public expenditure, programme implementation and policies.

5.3 The Ministry of Women and Child Development (MWCD) as the nodal agency for gender budgeting has been undertaking several initiatives for taking it forward at the National and State levels. In 2004-05, the Ministry adopted “Budgeting for Gender Equity” as a Mission Statement. The mainstreaming of gender concerns has been reiterated as an objective of the Ministry in its Strategic Plan Document in 2011-12. Gender Budgeting has also been much emphasized in the National Mission for Empowerment of Women. One of the key functions of the National Mission will be to oversee gender mainstreaming of programs, policies, institutional arrangements and processes of participating Ministries, institutions and organizations.

5.4 In recent years, Gender Budgeting initiatives, both at Central and State Government level, have been gaining focus. The Ministry of Women and Child Development as the nodal agency for Gender Budgeting in India has been following a three pronged strategy to pursue the process of Gender Budgeting in the country:

- | | |
|---|--|
| <p>I. Placing emphasis on and advocating for setting up of gender budgeting structures/mechanisms in all Ministries/ Departments of the Government;</p> <p>II. Strengthening internal and external capacities and building expertise to</p> | <p>undertake gender mainstreaming of policies/schemes/programmes; and</p> <p>III. Initiating the exercise of gender auditing of existing programmes, which would then feed into addressing gaps and strengthening service delivery mechanisms.</p> |

Box:2 Gender Budgeting and Five-Year Plans

The plan documents have over the years reflected the evolving trends in gender issues. Formal earmarking of funds for women began with the Women's Component Plan. However, gender sensitivity in allocation of resources starts with the Seventh Plan

- The **Seventh Plan** introduced the concept of monitoring of 27 beneficiary oriented schemes for women.
- The **Eighth Plan** (1992-97) highlighted, for the first time, a gender perspective and the need to ensure a definite flow of funds from the general developmental sectors to women. The Plan document made an express statement that “....the benefits to development from different sectors should not bypass women and special programmes on women should complement the general development programmes. The latter, in turn, should reflect greater gender sensitivity”.
- The **Ninth Plan** (1997-2002) adopted the 'Women's Component Plan' as one of the major strategies and directed both the Central and State Governments to ensure “not less than 30 per cent of the funds/benefits are earmarked in all the women's related sectors. Special vigil advocated on the flow of the earmarked funds/benefits through an effective mechanism to ensure that the proposed strategy brings forth a holistic approach towards empowering women.
- The **Tenth Plan** reinforced the commitment to gender budgeting stating that the two effective concepts of Women Component Plan and Gender Budgeting would be tied up to play a complementary role to each other, and thus ensure both preventive and post facto action in enabling women to receive their rightful share from all the women – related general development sectors.”
- The **Eleventh Plan** clearly states, 'gender equity requires adequate provisions to be made in policies and schemes across Ministries and Departments. It also entails strict adherence to gender budgeting across the board'.

5.5 Over the years focus has been particularly laid on institutionalizing the process by creation of systems and mechanisms and capacity building of key personnel for mainstreaming gender through the process of Gender Budgeting.

I. SETTING UP STRUCTURES AND MECHANISMS FOR GENDER BUDGETING

Creating Structures at Ministry/ Department level

5.6 To provide impetus to Gender

Budgeting, the Finance Minister in 2004-05 had mandated the setting up of Gender Budgeting Cells in all Ministries / Departments. He highlighted the perceived need for budget data to be presented in a manner that brought out the gender sensitivity of the budgetary allocations. The Ministry of Finance in consultation with Ministry of Women and Child Development had issued a Gender Budget Charter on March 8, 2007. The Charter laid down guidelines for composition and functions of the Gender Budgeting Cells which is at **Annexure - XXXII**.

Gender mainstreaming

5.7 Welfare programmes, for women and girls, alone may not lead to gender equality. Problems impeding gender equality are not linear but cut across sectors. Further, the bulk of the public expenditure and policy concerns lie in 'gender neutral' sectors like power, defence, petroleum, transport etc and the implications for women in these sectors are not recognized or identified. It is increasingly being felt that unless gender concerns are also mainstreamed in these sectors, public expenditure will always be skewed disadvantageously towards women. Hence, the imperative need for gender mainstreaming as natural outcome of Gender Budgeting.

Box:3

Women Component Plan and Gender Budgeting

The Planning Commission has clarified that, "...Women Component Plan should no longer be used as a strategy either at the Centre or at the State level. In its place, as already initiated by the Ministry of Finance and Ministry of Women and Child Development, we should adopt Gender Responsive Budgeting or Gender Budgeting only."

5.8 The Ministry of Women and Child Development has been continuously and actively pursuing with Ministries for setting up of Gender Budgeting Cells (GBCs). So far, 56 Ministries/Departments have set up Gender Budgeting Cells as indicated in **Annexure-XXXIII**. These Cells are expected to serve as focal points for coordinating Gender Budgeting initiatives, both intra and inter-ministerial. The Ministry of Women and Child Development is working towards building their skills and competence to enable them to play a more pro-active role in gender mainstreaming of policies, programmes and budgets of their Departments.

Gender Budget Statement 20

5.9 Another important step taken in the direction of Gender Budgeting in the country was the incorporation of the Statement 20 as a part of the Expenditure Budget Document Volume 1. Herein the Gender Budgetary allocations are reflected in a two-way classified Gender Budgeting Statement. The first part of the Statement, Part A includes Schemes with 100% allocation for women while Part B of the Statement includes Schemes/Programmes with 30 to 99% allocation for women. Box 4 shows the allocations for women as reflected in the Gender Budget Statement over the years.

Box: 4

Allocations for women as reflected in Gender Budget Statement (Statement 20)

Year	No. of Ministries (No. of Demands)	Total Gender Budget (BE) (₹ crore)
2005-06	9 (10)	14,378.68 (2.79%)
2006-07	18 (24)	28,736.53 (5.09%)
2007-08	27 (33)	31,177.96 (4.5%)
2008-09	27 (33)	27,661.67 (3.68%)
2009-10	28 (33)	56,857.61 (5.57%)
2010 -11	28 (33)	67,749.80 (6.11%)
2011-12	29 (36)	78,251.02 (6.22%)

5.10 There was an apparent fall in the Gender Budget allocation for women in 2007-08 on account of a more accurate reflection of the actual amounts flowing to women through programmes and schemes. The percentage of estimated allocation to women further fell in the Year 2008-09 because of the introduction of Statement on Child Budgeting in the Union Budget, i.e., Statement 22. Several Schemes such as Integrated Child Development Services scheme of Ministry of Women and Child Development and Sarva Shiksha Abhiyaan of the Ministry of Human Resource Development which were earlier being reflected in the Gender Budget Statement were shifted to Statement 22 with no identification of funds flowing to girl children. In 2009-10, an attempt was made to reflect the allocations for girl children under some of the schemes that were shifted to Statement 22, in Part B of Statement 20. Refinement of the Gender Budget Statements to reflect accurately the allocations earmarked for women and girls is an ongoing process.

II. CAPACITY BUILDING INITIATIVES

Workshops and Trainings

5.11 A Scheme for Gender Budgeting was launched in the year 2008, for conducting trainings / workshops, capacity building, research surveys, etc. Under the Scheme, inter alia, the Ministry undertakes many programmes as well as provides financial support to Central/ State Government agencies, for the purpose. An outlay of ₹ 1.00 crore was allocated for the Scheme in the year 2011-12, for conducting various training programmes and workshops on Gender Budgeting. During the current year, till the end of December 2011, 14 training programmes/workshops on the subject were organized by the Ministry in collaboration with Institutes such as Indian Institute of Public Administration (IIPA), Lal Bahadur Shastri National Academy of Administration (LBSNAA) and the State Governments for different groups of

stakeholders. These included trainings for officers of various Ministries/Departments of Central Government as well as State level functionaries.

5.12 Apart from organizing training programmes, technical resources were provided at workshops organized by other agencies. A list of activities undertaken by the Ministry during 2011-12 are at **Annexures-XXXIV & XXXV**.

5.13 The training programmes are focused on increasing awareness about the need and importance of Gender Responsive Budgeting along with the framework and tools to undertake Gender Budgeting. A participatory methodology is followed using a variety of case studies and group exercises which can enable the participants to take forward the process in their respective areas of work.

5.14 Some innovative measures undertaken by the Gender Budgeting Cells at the Central Ministries are outlined in the succeeding paras.

- The **Ministry of Home Affairs** is a key mainstream Department which has undertaken focused initiatives under Gender Budgeting with an annual gender budget allocation of ₹ 113.55 crore in 2011-12. This includes focused interventions like introduction of women's battalions, specific efforts to improve facilities for women employed in various forces through day care centres, crèches, etc. Major initiatives in this regard are to include facilities of separate rest rooms, recreation rooms, mobile toilets for women in CRPF. During deployment, separate toilets even in the unit vehicles are made available to women personnel.
- The Gender Budgeting Cell of **Department of Telecommunications** has come up with an innovative pilot project for empowerment of women using ICT as a tool. The "Sanchar Shakti" Scheme envisages bringing together the combined efforts and contributions of Department of Telecommunication (DoT), Universal Service Obligation Fund (USOF), Mobile

and Mobile Value Added Service Providers, Telecom Equipment Manufacturers and their partner NGOs. It aims to use ICT to empower rural women through provision of Mobile Value Added Services on issues of concern to women like health, social issues, and government schemes, as also livelihood related inputs over their mobile phones.

5.15 The training programmes of the Ministry have also facilitated adoption of Gender Budgeting by many State Governments. States like Madhya Pradesh, Chattisgarh, Karnataka, Bihar, Uttarakhand, Kerala, Orissa, Himachal Pradesh, Rajasthan and Jammu & Kashmir have undertaken various Gender Budgeting initiatives.

Interaction with Ministries

5.16 The Ministry has been focusing on mainstream Ministries / Departments which have large budgetary allocations but are perceived as “gender neutral” due to the constitution of their programmes/schemes which are not beneficiary focused. Apart from training programmes, the Ministry organizes one- to- one discussions with senior officials of such Ministries to provide orientation on gender issues within their sectors. This orientation serves as the first step to introduce the concept of Gender Budgeting in these Ministries/Departments.

5.17 In 2011-12, a one- to- one discussion was held with the Ministry of External Affairs to discuss the possibilities of gender mainstreaming in their Schemes and Programmes (Box-5).

Box: 5

Scope of GB in Ministry of External Affairs

1. Getting Sex Segregated data on beneficiaries
2. Gender sensitive or Pro women Aid
3. Scholarships for women students

12. Gender Trainings in IFS probationary course and mid career training
13. Gender Sensitive service delivery for issuance of passports.
14. Looking at Widows rehabilitation during War Evacuations.

Development of Resource Material

5.18 In collaboration with UNDP, UN Women and International experts, the Ministry has developed a Handbook on Gender Budgeting for Gender Budget Cells as well as a

Training Manual for Ministries and Departments of Government of India. The objective of the Training Manual is to create a core group of Trainers who in turn shall facilitate Gender Budgeting Trainings in their respective Ministries and Departments.

5.19 The Ministry has also developed a Strategic Framework of Activities and a range of tools which can be applied at different stages of the budget making process for ensuring gender equitable outcomes of all programmes and schemes of the Government. Some of these tools constitute different entry points, such as, Spatial Mapping; Participatory Planning and

Budgeting; Gender Based Profile of Public Expenditure; Impact Analysis through Monitoring, Evaluation and Field Level Surveys, and Guidelines for Gender Sensitive Review of Public Expenditure and Policy (in the form of Checklist I and II is at Box 6 and 7) for undertaking Gender Budgeting activities.

Box 6: Checklist I for Gender Specific Expenditure

Checklist I for Gender Specific Expenditure

Conventionally, gender budget analysis, by way of isolation of women related expenditure, has been carried out for Ministries/Departments like Health and Family Welfare, Rural Development, Human Resource Development, Urban Employment and Poverty Alleviation, Youth and Sports Affairs, Labour, Social Justice and Empowerment, Tribal Affairs, Drinking Water, Small Scale Industries and Agro and Rural Industries, Science and Technology, Non-Conventional Energy Sources, Textiles and Agriculture.

Suggested steps that may be undertaken by these various Ministries/Departments who are running programmes/schemes of a gender specific nature i.e. where the targeted beneficiaries are primarily women are as follows:

Planning and Budgeting

List of schemes and programmes which are gender specific

Briefly indicating **activities undertaken** under the programme for women.

Indicating expected **output indicators** like number of women beneficiaries, increase in employment of women, post project increase in resources/income/skills etc.

Quantifying allocation of resources in annual budget and physical targets thereof.

Assessing **adequacy of resource** allocation in terms of population of targeted beneficiaries that need the concerned schematic intervention, the trend of past expenditure etc.

Performance Audit

Reviewing actual performance- physical and financial vis a vis the annual targets and **identifying constraints** in achieving targets (like need for strengthening delivery infrastructure, capacity building etc.)

Carrying out **reality check- Evaluation of programme intervention**, incidence of benefit, identifying impact indicators like comparative status of women before and after the programme, etc

Compiling a trend analysis of expenditure and output indicators and impact indicators.

Future Planning and Corrective Action

Addressing constraints identified from step (vi) above.

Establishing requirement of Resources in terms of population of targeted beneficiaries/ magnitude of perceived problems like IMR, MMR, literacy ratio etc.

Reviewing **adequacy of resources** available – financial and physical like trained manpower etc.

Planning for **modification in policies and/or programmes/schemes** based on results of review.

Box:7
Checklist II Gender Analysis for Mainstream Sectors

Mainstream sectors like **Defence, Power, Telecom, Communications, Transport, Industry, Commerce** etc. may consider adopting the following check list to determine the gender impact of their expenditure.

- i. **List of all programmes** entailing public expenditure with a brief description of activities entailed.
- ii. Identifying target group of beneficiaries/**users**.
- iii. **Establishing whether users/beneficiaries** are being categorized by sex (**male/female**) at present and if not to what extent would it be feasible.
- iv. Identify possibility of undertaking **special measures** to facilitate **access of services for women** - either through affirmative action like quotas, priority lists etc. or through expansion of services that are women specific like all women police stations, women's special buses etc.
- v. Analysing the **employment pattern** in rendering of these services/programmes from a gender perspective and examining **avenues to enhance women's recruitment**.
- vi. Focus on **special initiatives** to promote **participation of women** either in employment force or as users.
- vii. Indicating the extent to which **women are engaged in decision-making** processes at various levels within the sector and in the organizations and initiating action to correct gender biases and imbalances.

These exercises can be commenced by each Ministry/Department of the Government, to start with, for a few select programmes/schemes which may be selected either in terms of their perceived gender impact, or the selection can be based on considerations of heaviest budget allocation. Based on the result of carrying out the above steps, the gender budgeting exercise may be institutionalized in the manner detailed in checklist.

State Women Commission, J&K deliberating on Gender Budgeting in the State

III. GENDER AUDIT OF SCHEMES

5.20 The third important aspect of Gender Budgeting is undertaking a gender analysis / audit of specific schemes. The Ministry plans to take up Gender Audit of a few critical schemes with focus on the analysis of the programme/scheme guidelines; actual allocations, the beneficiary incidence / impact analysis, and on the delivery mechanisms. The results would then feed into addressing gaps and strengthening service delivery mechanisms of the schemes.

5.21 The Ministry of Women and Child Development has conducted a Brainstorming Workshop for developing a framework for Gender Audit. Eminent experts in the field of Gender Budgeting and Audit as well as representatives of Comptroller and Auditor General (CAG) and Central Statistical Office (CSO), Ministry of Statistics and Programme Implementation participated in the Workshop. The Ministry is in the process of developing detailed guidelines to conduct Gender Audit of policies, programmes and schemes of Government of India.

Other Programmes and activities

Towards a New Dawn

Other Programmes and Activities

6.1 Apart from the schemes and programmes that have a direct bearing on the welfare and well-being of women and children, the Ministry implements a few schemes that help in furthering understanding of the issues of women and children, promote innovative ideas and, thus, indirectly help their cause. These are discussed in the following paras :

Grant-in-aid for Research, Publication and Monitoring

6.2 The Ministry of Women and Child Development is implementing the scheme of Grant-in-Aid for Research, Publication and Monitoring since 1986-87 with the objectives to promote :

Details of the funds released during the year 2010-11 and 2011-12 (upto 29.2.2012) under the scheme are at **Annexures - XXXVIII & XXXIX**.

Information Technology

6.7 National Informatics Centre (NIC) is managing the Computer Centre of the Ministry of Women and Child Development which has a Pentium P-IV Processor based Windows NT Server and a Local Area Network with facilities like information sharing, electronic mail and Graphical User Interface (GUI) based INTERNET surfing. NIC continued to provide software, hardware and consultancy support to Ministry in developing computer based Management Information Systems. A team of officers of NIC works in close coordination with the officials of the Ministry to maintain existing software and develop new programmes. A brief description of some of the

programmes introduced by the Ministry with the help of NIC is as follows:

6.8 National Portal development for Child Adoption Resource Agency (CARA): This is an important portal on stages of child adoption, both inter and intra-Country, and linking with the requirements of prospective parents. The portal designed and developed and rolled out nationally after conducting training and hands-on sessions in various parts of the country, tracks the entire process involving the child reaching the adoption agency, various types of clearances involved in child adoption process and status of conduct of medical tests and status of adoption. Monitoring child in the new found adopted home would also form part of tracking the adopted child.

6.9 MIS for Integrated Child Protection Scheme : Centralized Portal has been developed and launched to facilitate State ICPS Units to enter Central & State level monitoring data, status of implementation of the scheme and details of children in various Homes. This also facilitates online submission of financial proposals by State Governments, duly supported for auto-calculation based on the State level inputs and provisions for generation of consolidated proposal for examination before final submission.

6.10 NGO GIA Schemes monitoring System for CSWB: This is a Web Based software application for e-AWEDAN to make the Grant-in-Aid application process online and management process transparent. The portal has facilities for online submission of proposals by NGOs and also could have status of actions taken by concerned authorities from time to time. Apart from this, the intranet portal supports back-end processes, like scrutiny of proposals by State level units and forwarding to Headquarters. Necessary reports like note for approval, sanction letter, summary reports of State-wise, scheme-wise proposals received could be analysed for taking decisions. Pendency across the net can also be monitored.

6.11 File Status Information System in Ministry: This system monitors important references received in the Ministry. Basic details of

the reference are entered into the system as soon as reference is received along with name of the officer to whom it is marked.

6.12 NGO Grant Monitoring System

NGO Directory - Records registration details and other particulars of all voluntary organizations implementing departmental schemes. The software generates a unique code for each NGO based upon the registration number, name and State so as to enable tracking of the performance under various schemes.

Reports – Cover Scheme-wise/State-wise Projects, Pending/Rejected Cases, Outstanding Utilization Certificates, Geographical Coverage, Cash flows etc.

6.13 Budget Monitoring System : A Budget Monitoring System was developed and implemented in the Finance wing of the Ministry. With the help of this package, the Ministry is capturing scheme-wise details of funds sanctioned and released.

6.14 Intranet Based Integrated Office Automation: A web based application has been designed and developed for office automation procedures like Personnel Information, Office Orders/Circulars, Payroll, GPF, Income Tax, Leave Records, Official Forms, etc. The Ministry is updating the relevant data regularly and the employees are using this system to get their Circulars, Pay Slips, GPF Statements, IT Statements, Forms, etc. from this website directly. This system is developed using ASP and MS-SQL Server.

6.15 NIC implemented Public Grievances System in the Ministry and its attached offices. It provided assistance to the Parliament Section for regular on line transmission of Parliament Questions to Lok Sabha and Rajya Sabha Secretariat. The website of the Ministry is also maintained by the NIC and updated regularly.

6.16 Technical consultancy and guidance to various organizations under the control of the Ministry like National Commission for

Women, NIPCCD, RMK and CSWB is provided by NIC.

Status of ATNs on CAG Paras

6.17 Details of action taken on the audit observations received from CAG are at **Annexure-XXXX**.

Reservation for Scheduled Castes / Scheduled Tribes and Other Backward Classes

6.18 Reservation Policy of the Government of India in the services is being followed in the Ministry and the organizations under its control. As a cadre authority, the Ministry has duly reported the reserved vacancies to Department of Personnel & Training. The attached office i.e., Food and Nutrition Board and all the autonomous bodies under Ministry of Women and Child Development are persuaded to fill up the vacancies reserved for Schedule Castes / Scheduled Tribes and Other Backward Classes by making special efforts.

Centralized Public Grievances Redressals and Monitoring System (CPGRAMS)

6.19 The Ministry receives online Public Grievances, related to subjects dealt by it, through President Secretariat and DAR&PG. Also Public Grievances are received directly from public through Centralized Public Grievance Redress and Monitoring System (CPGRAMS). Further the grievances related to pension issues are referred by DP&PW to this Ministry through CPGRAMS. The Grievances are examined in the concerned division/offices of this Ministry on priority basis and replies are sent to the complainant. In the year 2011-12, the Ministry has received 625 grievances through CPGRAMS as on 22.3.2012. Out of these, 594 grievances have already been disposed of. The remaining are at various stages of processing and disposal.

Citizen's / Client's Charter

6.20 The Ministry has prepared the Citizen's/Client's Charter, which has been circulated to all concerned officers and distributed among all stakeholders. The Charter has been uploaded on the website of the Ministry at

Shri Arun Maira, Member, Planning Commission awarding Trophy to MWCD for one of the best Citizen Charters amongst Ministries / Departments of Govt. of India. The Trophy is being received by Shri AP Srivastava (DS)

www.nic.in. An advertisement has also been released in Hindi / English / Regional newspapers informing public about availability of the Charter on the Ministry's website.

Some of the State-specific Good Practices/ Initiatives in ICDS**1. War Foot Programme to strengthen AWC monitoring in Karnataka**

War Foot Programme is an intensive monitoring activity of AWCs. Prior detailed checklist has been prepared for validation at each AWC. Team of officials observes merits and demerits of ICDS service delivery and infrastructure along with assessment of other programmes of the department. This report is submitted to Deputy Director in the State, who as a follow up action addresses the identified problems in coordination meetings with the line departments.

2. Increasing reach and coverage and community participation in Gujarat

To address the needs of socially excluded population mostly in the remote interior areas, government of Gujarat has started Mobile Anganwadi Vans to provide services to the beneficiaries in these areas using the State's Budget. In the State, community participation in ICDS is enhanced through *rasoi* shows and competitions. Community actively participates in providing vegetables and toys to AWC.

3. Strengthening Pre-School Non-Formal Education

The ICDS programme includes 'Pre-School Non-Formal Education' as one of the specific services provided to children in the age group of 3-6 years at the Anganwadi Centre. In Kerala, May 31 has been declared as Anganwadi admission date. It is observed in all Anganwadis with celebrations; School bags, Tiffin box, umbrella, uniform, etc. are collected from the community and given to the newly admitted children. In the State of Gujarat, to boost thrust on education for all and lessen dropout rates from school, every year in June, a massive drive is conducted wherein all the eligible children are enrolled in their respective AWCs.

4. KuposhanMuktiAbhiyan in Chhattisgarh

A special campaign to eradicate malnutrition is initiated by State Government since 2009 using its own budget. The campaign emphasises to create awareness amongst community and family members on child malnutrition. The severely malnourished children are identified and referred to the health system. A unique feature of the campaign is that the community adopts severely malnourished children. For treatment of severely malnourished, Rs. 800/- per beneficiary is earmarked for medical check-ups and medicines and Rs. 1500/- for consultation fees to private paediatrician.

5. SanjhaChulha in Madhya Pradesh

ICDS, in convergence with Mid-Day Meal Scheme, implements joint supplementary feeding programme "SanjhaChulha" for AWC children. In the programme, two hot cooked meals i.e. breakfast and lunch is prepared with the help of local SHGs and served at the AWCs. This saves time of the AWWs and allows them to spend more time with children for preschool education activities as well as for home visits and counselling of mothers.

6. Geographical Monitoring and Information System (GMIS) in Andhra Pradesh

To improve the accountability and programme effectiveness in ICDS with support of technology, Andhra Pradesh has initiated GMIS. This is a unique pilot project where technology is used upto the Anganwadi level to track the beneficiary. It is being implemented with support of CARE in three districts, Hyderabad, Vizianagaram and Kurnool, covering 200 ICDS projects. The Anganwadi worker

enters the beneficiary- wise data in a laptop at sector level using a customised software, which generates reports for the AWWs such as due list for immunisation, home visit list to vulnerable and at risk families and any other consolidations that the AWWs require. The sector level data is updated to the central server, where Supervisor and CDPO use the information for tracking the progress and development action plans.

7. *AnnaprashanAbhiyan in Madhya Pradesh and Rajasthan*

In order to generate awareness on Complementary feeding, the department of Women and Child Development, Government of Madhya Pradesh has introduced the AnnaprashanAbhiyan in all the AWCs of the State. Under Annaprashan Ceremony, which is being commonly held in community Halls and local schools, the children around six months of age are being introduced to complementary feeding in a combination of tradition, festivity and a joyous celebration. Those children, who attend the ceremony, are being given a katori and a spoon. Rallies, Bady shows and cultural shows are also being organised to create awareness on complementary feeding in the community. All District Officers, CDPOs and Supervisors have been oriented on every possible aspect of Annaprashan Ceremony.

8. *Mobilizing Community participation through MahilaSamiti in Karnataka:*

In Menjanahalli, a small hamlet in rural Karnataka, a joint initiative by Gram Vikas, a local NGO, the ICDS and the Women's Group MahilaSamiti has led to unprecedented community participation in the supplementary feeding and nutritional programme at the local AWC. The children attending the AWC are getting the three mini meals (morning, lunch and evening) a day rather than just one. While the Gram Vikas is funding the morning meal, ICDS provides the lunch and MahilaSamiti gives the evening meal. These three mini meals keep the children in contact with the local AWC for most of the day and in the process they enjoy the benefits of joyful learning.

9. *Nutrition and Health Day in Andhra Pradesh:*

In Andhra Pradesh, the Nutrition and Health Day is being organized every month in each AWC on a fixed day and at fixed time so as to ensure the coverage of all vulnerable pregnant and lactating women and children less than three years. On this Day, besides providing periodic take home ration; ante natal care, referrals, health check-ups and immunization services are also being provided at the AWC in convergence with health department. Kalajathas/ Street Plays, Puppet shows, Films, Songs, Drama etc. are also being organized on specific themes or topics covering various aspects of nutrition, feeding methods, child growth etc.

10. *Muskan in Bihar*

Muskan – EkAhiyan was launched in October 2007 in entire State of Bihar with two- fold objectives of: (i) to achieve hundred percent immunisation of children and pregnant women and, (ii) to ensure hundred percent safe and institutional deliveries. Under Muskaan strategy, the AWW in collaboration of Health functionaries (particularly ASHA) not only identify all the beneficiaries for immunization (Pregnant women and children less than 2 years) but also keep their tracking till they achieve the complete immunization. Under Muskaan, there has been a provision of incentives also for all type of functionaries including AWW, ASHA and ANM.

11. *MangalDiwas in Madhya Pradesh:*

In the State of MP, in each of the AWCs, the first Tuesday is being celebrated as Godbharai of pregnant Women. The practice has been started since Feb, 2007. The celebration takes place in a very traditional

way along with distribution of folic acid tablets. These women along with their family members are educated on complete care during pregnancy, ante natal care and safe and institutional deliveries.

12. Social Mapping through Mother Support Group (MSG) in Tamil Nadu

The Social Mapping exercise in all AWCs in the state of Tamil Nadu is being conducted by Mothers group since May 2004 once in every month/ fortnight. As per suitability of the community, a date is fixed for conducting social mapping at a common place by all members of the social institutions like SHGs, Working Women Group (WWG), Adolescent Girls Group (AGG), local teachers, PRIs and any other group functioning in the village. The mother support group visits all the target families and interact with the mothers about the usage of Mother and Child Protection Card and encourage them about taking part in growth monitoring activities. The efforts of the MSG to bring improvement in the key family practices are monitored by preparing the spider map web diagram. A circle is drawn with 9-10 divisions. Each division in the spider map denotes specific family practice e.g. maternal diet, early initiation of breast feeding, exclusive breast feeding up to six months, complementary feeding at the right time, quality, quantity and frequency of complementary feeding, feeding during illness, usage of iodized salt, hand washing etc. MSG draws this map whenever they meet and discuss and share to find out where they are and where they should move.

13. Toy Bank Initiative in Gujarat:

With the extensive support from community, community based organisations, NGOs and the officials of MWCD, the Government of Gujarat has explored the idea of setting up a Toy Bank to provide deprived children the opportunity to play with toys and experience play way learning. Through this initiative, the joyful learning opportunities are being provided for better cognitive, social, emotional and physical development. There are about 17 lakh children covered by around 25,000 AWCs in the state.

CHARTER OF GENDER BUDGET CELLS

Composition of Gender Budget Cells

The Gender Budget Cell (GBC) should comprise a cohesive group of senior/ middle level officers from the Plan, Policy, Coordination, Budget and Accounts Division of the Ministry concerned. This group should be headed by an officer not below the rank of Joint Secretary. The functions and working of the GBC may be reviewed at least once a quarter at the level of Secretary/ Additional Secretary of the Department.

Functions of Gender Budget Cells

The GBC may set for itself, specific quarterly / half yearly/ annual targets to be achieved in terms of the following suggested areas of work.

- (1) Identification of a minimum of 3 and maximum of 6 largest programmes (in terms of budget allocation) implementation by the Ministry and the major Sub –Programmes there under, with a view to conducting an analysis of the gender issues addressed by them.
 - * This is to be facilitated by describing the current situation with respect to the Sub- Programme (using disaggregated data in terms of beneficiaries as much as possible) and describing the activities for achieving the given output.
 - * Output indicators may be identified for measurement against performance in the coming year.
 - * Activities targeted at improving the situation of women under these programmes may be highlighted. In this regard, an assessment may be made of the extent to which sectoral policies address the situation of women, whether budget allocation are adequate to implement the gender responsive policy; monitoring whether the money was actually spent as planned, what was delivered and to whom; and whether the policy as implemented changed the situation described, in the direction of promoting/ achieving greater gender equality.
 - * Results of this analysis may be included as an Annexure tilted “Gender Responsive Budgeting Initiative” in the Ministry's Outcome/ Performance Budget for the year.
 - * GBCs of such Ministries/ Departments which have identified programmes where 100% of the budgetary allocation for the scheme is earmarked to benefit women, may undertake a similar analysis as described above. Results of this analysis may also be included in the Ministry's Department's Outcome/ Performance budget for the year.
- (2) Conducting / Commissioning Performance audit (at the field level wherever possible) for reviewing the actual physical/ financial targets of the programme, the constraints if any, in implementation, the need for strengthening delivery systems, infrastructure/ capacity building etc.
- (3) Organizing meetings/ discussions/ consultations with GBCs of related departments within the

Ministry, field level organization/ civil society groups/ NGOs working in the sector for exchanging ideas and getting feedback on the efficacy of sectoral policies and programmes.

- (4) Suggesting further policy interventions based on findings of the above.
- (5) Participating in and organizing Training/ Sensitization/ Capacity Building workshops for officials, concerned with formulation of policy/ programme implementation & budget and accounts at the Ministerial level and also in the implementing agencies/ attached/ subordinate offices and organizations under the administrative control of the Ministry.
- (6) Apparently “gender neutral” programmes are not necessarily gender neutral in the impact they have, when seen through gender lens. Hence, in sectors like Defence, Power, Telecom, Communications, Transport and Industry, etc. GBCs may undertake an exercise to identify the possibility of undertaking initiatives/ special measures to facilitate/ improve access to services for women and their active participation in the decision making process at various levels.
- (7) Disseminate best practices followed by those Divisions of the Department/ Ministry implementing schemes, which have done good work in analyzing the schemes/ programmes from gender perspective which have brought about changes in policy/ operational guidelines.
- (8) Prepare a Chapter on Gender perspective related to the Sector / Service covered by the Ministry and the impact of the existing policies/ programmes and resources employed in meeting the specific needs of women for reflection in the Ministry's Outcome/ Performance Budget.
