1	Indecent Representation of Women (Prohibition) Act, 1986	A proposal to amend the Indecent Representation of Women (Prohibition) Act, 1986 in order to widen its scope and to make its implementation more effective was considered by the Cabinet which directed wider consultations to be held for the amendment of the Act. The National Commission for Women has re-drafted the Act after holding wide ranging consultations at Regional and National levels. The re-drafted Bill seeks to bring children also under its ambit. The recommendations are under examination in the Ministry.

Charter of Gender Budget Cells

Composition of Gender Budget Cells

The Gender Budget Cell (GBC) should comprise a cohesive group of senior/ middle level officers from the Plan, Policy, Coordination, Budget and Accounts Division of the Ministry concerned. This group should be headed by an officer not below the rank of Joint Secretary. The functions and working of the GBC may be reviewed at least once a quarter at the level of Secretary/ Additional Secretary of the Department

Functions of Gender Budget Cells

The GBC may set for itself, specific quarterly / half yearly/ annual targets to be achieved in terms of the following suggested areas of work.

- (1) Identification of a minimum of 3 and maximum of 6 largest programmes (in terms of budget allocation) implementation by the Ministry and the major Sub Programmes there under, with a view to conducting an analysis of the gender issues addressed by them.
 - * This is to be facilitated by describing the current situation with respect to the Sub-Programme (using disaggregated data in terms of beneficiaries as much as possible) and describing the activities for achieving the given output.
 - * Output indicators may be identified for measurement against performance in the coming year.
 - * Activities targeted at improving the situation of women under these programmes may be highlighted. In this regard, an assessment may be made of the extent to which sectoral policies address the situation of women, whether budget allocation are adequate to implement the gender responsive policy; monitoring whether the money was actually spent as planned, what was delivered and to whom; and whether the policy as implemented changed the situation described, in the direction of promoting/ achieving greater gender equality.
 - * Results of this analysis may be included as an annex titled "Gender Responsive Budgeting Initiative" in the Ministry's Outcome/ Performance Budget for the year.
 - * GBCs of such Ministries/ Departments which have identified programmes where 100% of the budgetary allocation for the scheme is earmarked to benefit women, may undertake a similar analysis as described above. Results of this analysis may also be included in the Ministry's Department's Outcome/ Performance budget for the year.

- (2) Conducting / Commissioning Performance audit (at the field level wherever possible) for reviewing the actual physical/ financial targets of the programme, the constraints if any, in implementation, the need for strengthening delivery systems, infrastructure/ capacity building etc.
- (3) Organizing meetings/ discussions/ consultations with GBCs of related departments within the Ministry, field level organization/ civil society groups/ NGOs working in the sector for exchanging ideas and getting feedback on the efficacy of sectoral policies and programmes.
- (4) Suggesting further policy interventions based on findings of the above.
